Job Description	

Location

This is a hybrid position. You must be in the Ottawa, Canada office, at least three days a week.

About the Team

The IT Application Excellence team is responsible for supporting and managing applications / systems utilized by business units in Kinaxis. In addition, we deliver solutions based on business needs as well as work closely with Security and Corporate System team to ensure proper security measures in place.

This is a full-time, 8-month position, starting January 2026 and is open only to students in a registered Co-op Program.

What you will do

In this role, you will develop and support applications managed by the Enterprise Business Systems team at Kinaxis. Our team manages various applications used by Kinaxis, both internally and by customers, to enable the organization to grow, run smoothly, and most of all, make our employees, partners and customers happy. May also perform other projects as assigned.

- Design, develop, and document solutions on our platforms and applications (i.e. ServiceNow, Jira, MuleSoft)
- Work closely with senior developers and business analysts
- Support the testing of new features and capabilities on existing applications and platforms, providing best practices and analysis to the rest of the team

- Provides efficient solutions to team members within Corporate IT on the necessary support and enhancement of our business applications.
- Ensures that business applications meet compliance requirements
- May perform other projects as assigned

Job Requirements

What we are looking for

- Currently enrolled in a program where software development is the primary focus
- Experience in the development of web applications
- Strong problem-solving and analytical skills
- Excellent verbal and communication skills
- Self-starter with strong initiative

Things that would definitely help

Experience with one or more of the following:

- NET framework
- C#
- Web development: HTML5, CSS, JavaScript, PHP, ASP.NET
- Web services: SOAP, REST
- SQL

Citizenship Requirement N/A
