JOB POSTING INFORMATION

Placement Term	2025 - Fall
 Job Title 	F25 Co-op Java Developer - Fall 2025 170721
Position Type	Co-op Position
Job Location	Vancouver, BC
Country	Canada
Duration	4 or 8 months
Work Mode	Hybrid
Salary Currency	CAD
Salary	0.0 per hour for 0 Major List
Salary Range \$	\$42,000 - \$66,000
Job Description	

Location: Vancouver, BC

Term: Fall 2025 (September - December 2025)

Duration: 4 months, with a possibility of extension to 8 months

Your role:

This is a Java Developer Co-op position within Global Relay's software development team.

The primary responsibility of the role would be to implement a data analytics engine and application with a Hadoop software stack, under the guidance of senior developers and architects. This would also involve refining the requirements for the application in conjunction with product management. The role would be required to research different implementation options and present back to both the architects and product management staff a set of the most viable implementation options plus an assessment of how the technology options affect the requirements.

Technologies that we work with on a daily basis:

- NoSQL DBs (HBase)
- Distributed configuration management (Zookeeper)
- Serialization libraries (Thrift, Protocol Buffers)
- Large scale data processing (Hadoop, Flume, Kafka, Spark)
- Build Automation (Ansible)
- CI/CD (Jenkins)
- Workflow scheduling (Oozie)

- Security (SSL, OAuth)
- Dependency injection frameworks (Guice, Spring)
- CQRS frameworks (Axon)
- Text search engines (ElasticSearch)

Job Requirements

About you:

- Recent or soon-to-be graduate from a Computer Science or related field with Co-Op experience
- Course work or work experience with Java
- Course work or work experience with any of the following is an asset:
 - o Hadoop (Map Reduce, HDFS, HBase)
 - o Spark framework
 - o Text processing using Solr or Lucene
 - o Agile development methodologies
 - o Test driven development
 - o Continuous integration systems
 - o Service oriented architecture
 - o Web services technology such as REST, JSON, or Thrift

Citizenship Requirement N/A
