Job Description

Job Requisition ID # 25WD92521

Position Overview

Autodesk is a global leader in 3D design, engineering, and entertainment software. The work we do at Autodesk gets to touch nearly every person on the planet. By creating software tools for making buildings, machines, and even the latest movie, we get to influence and empower some of the most creative people in the world to solve problems that matter.

We are looking for a a Software Developer Intern with an interest in building and designing new capabilities for the Autodesk data platform to join our team. We are team chartered with building robust and resilient data platform products and solutions that enable users to leverage data as an integral part of decision making at Autodesk.

Responsibilities

- Design and develop software solutions that simplify complex data collection, processing, transformation, and reporting
- Deploy secure, scalable and durable solutions via automated CI/CD processes
- Interpret and translate business needs to technical requirements
- Work with team to troubleshoot code level problems quickly and efficiently
- Design solutions to measure data quality and detect data issues and anomalies
- Develop data models, APIs or other architectural elements
- Explore the use of AI and LLM-driven techniques to enhance automation in data enrichment, validation, and summarization

About the Canada Intern Program

The 2026 Canada Internship program runs for 16 weeks (May 4th - August 21st, 2026). All internships are paid. As an intern, you will contribute to meaningful projects, be mentored by industry leaders, and participate in tech talks and other activities designed to support your personal and professional development. Our internships align with Autodesk's Flexible Workplace approach, which is designed to meet the needs of our business while providing flexibility in support of office, remote and hybrid work preferences.

[About Autodesk](#)

Welcome to Autodesk! Amazing things are created every day with our software - from the greenest buildings and cleanest cars to the smartest factories and biggest hit movies. We help innovators turn their ideas into reality, transforming not only how things are made, but what can be made.

We take great pride in our culture here at Autodesk - it's at the core of everything we do. Our culture guides the way we work and treat each other, informs how we connect with customers and partners, and defines how we show up in the world.

When you're an Autodesk, you can do meaningful work that helps build a better world designed and made for all. Ready to shape the world and your future? Join us!

Salary transparency

Salary is one part of Autodesk's competitive compensation package. Offers are based on the candidate's experience, educational level, and geographic location.

Diversity & Belonging

We take pride in cultivating a culture of belonging where everyone can thrive. Learn more here:
