#### Job Description

**Job Title:** Intern, Business Technology Solutions - ERP Implementation (8 Months)

**Job ID:** 8386

**Application Deadline:** **Sunday, February 22nd, 2026 at 11:59pm PST.**

#### Job Description

Through the National Shipbuilding Strategy (NSS), the Government of Canada has embarked on one of the largest procurement projects since the Second World War. The NSS is a nation-building effort to create a sustainable Canadian shipbuilding industry, secure long-term job opportunities and build the next generation of ships for the Canadian Coast Guard and Royal Canadian Navy. Through its NSS-related work, Seaspan Shipyards is leading the redevelopment of our domestic shipbuilding industry on the West Coast and delivering on the promise of ships built in Canada, by Canadians.

Seaspan Shipyards is one of North America's most modern shipyards and unique in its ability to provide a complete range of services including new construction, conversion, refit, repair and life-cycle maintenance work for Canada's Coast Guard and Navy as well as commercial vessels including cruise ships and deep-sea vessels. Seaspan Shipyards operations include Vancouver Shipyards, Vancouver Drydock and Victoria Shipyards.

We are seeking a detail-oriented and motivated Intern to support a strategic ERP implementation focused on improving data integrity, standardizing business processes, and enhancing system efficiency. This role offers hands-on experience in enterprise systems transformation, including data cleanup, testing, and business process analysis, within a collaborative project team.

The Intern, Business Technology Solutions - ERP Implementation will contribute to process flow documentation, process gap analysis, updates to standard operating procedures, data quality review and updates, and testing support. This is a great opportunity for someone organized, eager to learn, and interested in gaining practical experience in ERP systems and business operations.

**Note: Due to business needs, this position is required to be fully on-site based at 889 Harbourside Drive, North Vancouver.**

#### **What you'll do**

- Support data cleanup and migration by cleaning, validating, and mapping legacy data to ensure accurate and high-quality migration into the new ERP system
- Participate in testing activities by preparing and executing test cases, tracking results, and supporting user acceptance testing by documenting outcomes and gathering user feedback
- Contribute to process and systems analysis by documenting current workflows, attending requirements-gathering sessions, and creating visual documentation such as flowcharts
- Provide general project support including taking meeting minutes, maintaining project documentation, supporting scheduling and communication efforts, and assisting in coordinating tasks across departments
- Engage in ERP learning and training to become familiar with the system and stay informed on best practices and implementation trends

#### **Why you'll love working here**

- A supportive learning environment, great team culture and hands-on experience and training
- Opportunity to grow your career and connect with like-minded students
- Parking is included and to assist those using transit, we operate a complimentary shuttle bus Monday through Friday with various pick up and drop off points around North Vancouver

We require a full-time commitment Monday-Friday, 40 hours per week with an hourly rate of \$26.00/hour.

**Start Date of Internship: Monday, May 4th, 2026.**

**End Date of Internship: Friday, December 18th, 2026 (8-Months).**

*Please note: if we receive a large volume of applications, we may close this posting ahead of the closing date, therefore, we recommend applying early. Only those applicants under consideration will be contacted.*
