| Job Description | |

Use your critical thinking skills in a fast-growing company where you can have an impact. The British Columbia Investment Management Corporation (BCI) is currently seeking a Private Equity Co-op Student/Intern for either Summer 2026 (May to August) to support our team. If you are a highly motivated, team player who can handle multiple projects and are interested in developing your professional career and learning more about driving sustainable growth, accelerating innovation and operating on a global scale, this is the opportunity for you!

WHAT YOU NEED TO KNOW

BCI manages a globally diversified portfolio of gross assets valued at \$295.0 billion and is one of Canada's largest institutional investors. We invest globally to support pensions and other funds for more than 30 clients based in British Columbia. We are proud to have been chosen as one of **Canada's Top 100 Employers** and **BC's Top Employers**. These national and provincial competitions recognize employers who offer exceptional workplaces for their employees.

WHO YOU WILL WORK WITH

You will work with our Private Equity department which manages a portfolio of approximately \$30+ billion in global private equity

investments. Investments include direct investments in private companies as well as partnerships with leading private equity firms. The portfolio is expected to grow significantly over the coming years, with an increased emphasis on direct investments. The role will be in the Reporting & Analytics group embedded within the Private Equity broader team.

WHAT YOU WILL BE DOING

- You will assist the Private Equity Analytics team in driving investment decision-making and providing valuable insights on our private equity portfolio companies and funds. This involves ensuring that timely analysis and reporting is available to support and challenge investment decisions and having a deep understanding of where value can be derived from the portfolio.
- Help drive continuous improvement in our portfolio monitoring and analytics processes, leveraging technology, AI and best practices to enhance efficiency and effectiveness.
- Test existing AI tools on emerging business cases. Identify opportunities to utilize the existing data stack. Connect insights from highly confidential unstructured data with the existing enterprise data platform outputs.
- Assist with analyzing sources of return within the portfolio, identifying key drivers of value and areas for return enhancement and risk mitigation.
- Assist with monitoring portfolio and fund performance against relevant benchmarks, highlighting areas of outperformance and underperformance, and recommending actions to enhance returns.
- Through advanced analytics and a deep understanding of the technology, provide real-time insights into assets that may be appropriate to sell and where to access liquidity.

WHAT WE OFFER

- Training and mentorship to develop your knowledge and professional skill sets that are required to succeed in the industry
- Be a valued part of a team and work culture that is down to earth, values your perspective and rewards transparency and accountability
- Exposure to some of the most talented, approachable, and inspiring people in the industry
- Time to connect and build your network with other interns and BCI professionals that will contribute to your professional network and future career opportunities
- Potential work term extensions and career opportunities
- The ability to opt-in for access to Dialogue, a user-friendly app that offers virtual primary care, employee and family services, and mental health supports
- Time to connect with Co-ops/Interns at BCI - build your network and shared learning
- 2 paid days per year for volunteering
- Competitive pay: \$2,745.00 gross bi-weekly + vacation leave paid based on 6% of salary
- Travel: if coming to Victoria for this work term, BCI will provide a fixed-rate travel allowance based on your location

THE DETAILS

- Work term: **Summer 2026** (May to August)
- Department: **Private Equity**
- Office Location: 750 Pandora Avenue, Victoria, BC
- Spend your off hours exploring beautiful Victoria and Vancouver Island
- All co-ops/internships will need to be completed in person at our Victoria office with the option to work one day per week from home. Please note, some positions are not eligible for hybrid work.

Job Requirements

REQUIRED SKILLS

- A fundamental knowledge of computer science, with emphasis on recent experience with ML and AI
- A working understanding of finance, business and investment-related disciplines
- Ability to communicate clearly and concisely, both orally and in writing
