#### Job Description

Job Ref: R4027588

Relocation Assistance: No

#### Job Description Summary

As the Quality Assurance Intern, you will be responsible for supporting our Quality Assurance team by assisting in maintaining GMP compliance, participating in investigations of quality-related incidents, and contributing to process improvements to ensure adherence to regulatory standards and site quality objectives.

GE HealthCare is a leading global medical technology and digital solutions innovator. Our mission is to improve lives in the moments that matter. Unlock your ambition, turn ideas into world-changing realities, and join an organization where every voice makes a difference, and every difference builds a healthier world.

#### Job Description

##### Responsibilities:

- Assist in executing quality control procedures and protocols to ensure compliance with regulatory requirements, industry standards, and internal quality guidelines.
- Participate in investigations of quality-related incidents, deviations, and non-conformities, and collaborate with cross-functional teams to implement corrective and preventive actions (CAPAs).
- Collect, organize, and analyze data from investigations to identify trends, patterns, and areas for improvement.
- Support compliance activities by reviewing and ensuring adherence to applicable regulations, guidelines, and quality standards (e.g. cGMP).

- Contribute to process improvement initiatives by suggesting and implementing efficiency enhancements, quality control optimization, and best practices.
- Collaborate effectively with colleagues and cross-functional teams to ensure open communication, knowledge sharing, and alignment of quality objectives.
- Aware of and comply with the GEHC Quality Manual, Quality Management System, Quality Management Policy, Quality Goals, and applicable laws and regulations as they apply to this job type/position.
- Complete all planned Quality & Compliance training within the defined deadlines.
- Assist in product batch release activities.
- Participate in annual GMP Record reviews.
- Identify and report any quality or compliance concerns and take immediate corrective action as required.
- Identify and ensure timely closure of quality investigations for the site.

We expect all employees to live and breathe our behaviors: to act with humility and build trust; lead with transparency; deliver with focus, and drive ownership -always with unyielding integrity.

Our total rewards are designed to unlock your ambition by giving you the boost and flexibility you need to turn your ideas into world-changing realities. Our salary and benefits are everything you'd expect from an organization with global strength and scale, and you'll be surrounded by career opportunities in a culture that fosters care, collaboration and support.
