Job Description	

#### **We help the world run better**

At SAP, we enable you to bring out your best. Our company culture is focused on collaboration and a shared passion to help the world run better. How? We focus every day on building the foundation for tomorrow and creating a workplace that embraces differences, values flexibility, and is aligned to our purpose-driven and future-focused work. We offer a highly collaborative, caring team environment with a strong focus on learning and development, recognition for your individual contributions, and a variety of benefit options for you to choose from.

#### **About the SAP Internship Experience Program**

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers.

#### **Three reasons to intern at SAP**

1. **Culture of collaboration:** meet with mentors, make new friends across the globe and create a thriving personal network.
2. **Project-driven experience:** gain cross-functional skills from our virtual and in-person learning sessions, diverse subject matter experts, and project deliverables.
3. **Gain visibility:** with SAP Internship Experience Program in your title, you'll have a global network of SAP leaders, entrepreneurs and career development opportunities at your fingertips.

#### **What you'll do**

- Position Title: SAP iXp Intern - Agile Developer, Business Data Cloud
- Location: Vancouver, BC
- Expected Start Date to End Date: September 02, 2025 - May 01, 2026
- Internship Duration: 8 months

- Work Hours: 40 hours per week desired

**What you'll do:**

- Engage in practical coding, test, and design.
- Develop, test, and enhance software by understanding requirements, implementing, testing features, writing automated tests, and resolving issues.
- Gain experience in maintaining and improving a codebase.
- Embrace lean and agile software development principles by participating in daily stand-ups, sprint planning, and retrospectives.
- Learn from team members through code reviews, sprint demos, knowledge-sharing sessions, and regular 1:1 coaching.
- Grow in leadership, presentation, and other soft skills.
- Collaborate with designers, product managers, and engineers to deliver high-quality products.

**Meet your team**

Business Data Cloud (BDC) is a global team with members in various countries, serving hundreds of thousands of customers around the world. BDC is a cloud-based data & analytics solution that integrates business intelligence, planning, and predictive analytics into a single platform.

**Bring out your best**

SAP innovations help more than four hundred thousand customers worldwide work together more efficiently and use business insight more effectively. Originally known for leadership in enterprise resource planning (ERP) software, SAP has evolved to become a market leader in end-to-end business application software and related services for database, analytics, intelligent technologies, and experience management. As a cloud company with two hundred million users and more than one hundred thousand employees worldwide, we are purpose-driven and future-focused, with a highly collaborative team ethic and commitment to personal development. Whether connecting global industries, people, or platforms, we help ensure every challenge gets the solution it deserves. At SAP, you can bring out your best.

**We win with inclusion**

SAP is proud to be an equal opportunity workplace and is an affirmative action employer. We are committed to the values of Equal Employment Opportunity and provide accessibility accommodations to applicants with physical and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team: [Careers@sap.com](mailto:Careers@sap.com).

For SAP employees: Only permanent roles are eligible for the SAP Employee Referral Program, according to the eligibility rules set in the SAP Referral Policy. Specific conditions may apply for roles in Vocational Training.

**EOE AA M/F/Vet/Disability:**

Qualified applicants will receive consideration for employment without regard to their age, race, religion, national origin, ethnicity, age, gender (including pregnancy, childbirth, et al), sexual orientation, gender identity or expression, protected veteran status, or disability.

SAP believes the value of pay transparency contributes towards an honest and supportive culture and is a significant step toward demonstrating SAP's commitment to pay equity. SAP provides the hourly base salary rate range applicable for the posted role. The targeted range for this position is 18.00 - 40.00 CAD. The actual amount to be offered to the successful candidates will be within that range, dependent upon the key aspects of each case which may include education, skills, experience, scope of the role, location, etc. as determined through the selection process. SAP offers limited benefits for employees hired into hourly or like roles subject to applicable plan/policy terms. A summary of benefits and eligibility requirements can be found by clicking this link: [www.SAPNorthAmericaBenefits.com](http://www.SAPNorthAmericaBenefits.com).

Due to the nature of the role, which involves global interactions with SAP entities, as well as with employees and stakeholders in Canada, functional proficiency in English is required for positions based in the Quebec.

**Job Requirements****What you bring**

We're looking for someone who takes initiative, perseveres, and stays curious. You like to work on meaningful innovative projects and are energized by lifelong learning.

- Currently registered in Computer Science or Engineering at an accredited

post-secondary institution.

- Ability to work well in a team as well as independently
- Possesses a positive self-motivated can-do attitude
- Working knowledge of HTML, CSS, JavaScript, and/or Java
- Strong motivation to learn, teach, and grow
- Critical thinker with a passion for customers, engineering, and product quality
- Must commit to an 8-month internship starting May 2025 on-site at our beautiful SAP Vancouver, Canada office location
- Familiarity with cloud computing concepts
- Basic understanding of data structures and algorithms
- Experience with version control systems (e.g., Git)
- Strong communication and documentation skills

Citizenship Requirement      N/A
