We help the world run better

At SAP, we keep it simple: you bring your best to us, and we'll bring out the best in you. We're builders touching over 20 industries and 80% of global commerce, and we need your unique talents to help shape what's next. The work is challenging - but it matters. You'll find a place where you can be yourself, prioritize your wellbeing, and truly belong. What's in it for you? Constant learning, skill growth, great benefits, and a team that wants you to grow and succeed.

About the SAP Internship Experience Program

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers.

Three reasons to intern at SAP

Culture of collaboration: meet with mentors, make new friends across the globe and create a thriving personal network.

Project-driven experience: gain cross-functional skills from our virtual and in-person learning sessions, diverse subject matter experts, and project deliverables.

Gain visibility: with SAP Internship Experience Program in your title, you'll have a global network of SAP leaders, entrepreneurs and career development opportunities at your fingertips.

What you'll do

Position Title: SAP iXp Intern - Cloud Engineer

Location: Vancouver, BC (On-site)

Expected Start Date: 5 January 2026

Contract Duration: 8 months

Work Schedule: 40 hours per week

We are looking for someone eager to learn, creative, and resourceful, who has excellent communication skills, and can work both independently and collaboratively. Some examples of your work responsibilities may include:

- Provision, monitor and operate cloud services in a globally distributed team
- Analyze and solve operational issues, and respond to incidents
- Conduct root cause analysis and implement continuous improvements
- Partner with local product development team to design and enhance the services
- Create and improve automation for testing, deployment, scalability, management, and visibility of our services

Meet your team

Are you passionate about delivering cloud solutions that are scalable, reliable and rapid-growing? Do you want to help us build and launch our next generation Cloud Analytics platform in a fast-paced startup culture that has the muscle and stability of SAP? Here, you will be operating and enhancing the application infrastructure for delivering SAP Cloud for Analytics, the next generation of enterprise software in the cloud. You will be ensuring maximum uptime to delight our rapidly growing customer base.

Bring out your best

SAP innovations help more than four hundred thousand customers worldwide work together more efficiently and use business insight more effectively. Originally known for leadership in enterprise resource planning (ERP) software, SAP has evolved to become a market leader in end-to-end business application software and related services for database, analytics, intelligent technologies, and experience management. As a cloud company with two hundred million users and more than one hundred thousand employees worldwide, we are purpose-driven and future-focused, with a highly collaborative team ethic and commitment to personal development. Whether connecting global industries, people, or platforms, we help ensure every challenge gets the solution it deserves. At SAP, you can bring out your best.

We win with inclusion

SAP's culture of inclusion, focus on health and well-being, and flexible working models help ensure that everyone - regardless of background - feels included and can run at their best. At SAP, we believe we are made stronger by the unique capabilities and qualities that each person brings to our company, and we invest in our employees to inspire confidence and help everyone realize their full potential. We ultimately believe in unleashing all talent and creating a better world.

SAP is committed to the values of Equal Employment Opportunity and provides accessibility accommodations to applicants with physical and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team: Careers@sap.com.

For SAP employees: Only permanent roles are eligible for the SAP Employee Referral Program, according to the eligibility rules set in the SAP Referral Policy. Specific conditions may apply for roles in Vocational Training.

Qualified applicants will receive consideration for employment without regard to their age, race, religion, national origin, ethnicity, gender (including pregnancy, childbirth, et al), sexual orientation, gender identity or expression, protected veteran status, or disability, in compliance with applicable federal, state, and local legal requirements.

SAP believes the value of pay transparency contributes towards an honest and supportive culture and is a significant step toward demonstrating SAP's commitment to pay equity. SAP provides the annualized compensation range inclusive of base salary and variable incentive target for the career level applicable to the posted role. The targeted combined range for this position is 24-35 CAD. The actual amount to be offered to the successful candidate will be within that range, dependent upon the key aspects of each case which may include education, skills, experience, scope of the role, location, etc. as determined through the selection process. Any SAP variable incentive includes a targeted dollar amount, and any actual payout amount is dependent on company and personal performance. A summary of benefits and eligibility requirements can be found by clicking this link:

www.SAPNorthAmericaBenefits.com.

Due to the nature of the role, which involves global interactions with SAP entities, as well as with employees and stakeholders in Canada, functional proficiency in English is required for positions based in the Quebec.

AI Usage in the Recruitment Process

For information on the responsible use of AI in our recruitment process, please refer to our Guidelines for Ethical Usage of AI in the Recruiting Process.

Please note that any violation of these guidelines may result in disqualification from the hiring process.

Requisition ID: 438886 | Work Area: Information Technology | Expected Travel: 0 - 10% | Career Status: Student | Employment Type: Limited Full Time | Additional Locations: #LI-Hybrid

Job Requirements

What you bring

We're looking for someone who takes initiative, perseveres, and stay curious. You like to work on meaningful innovative projects and are energized by lifelong learning.

Education: Bachelor's or Master's in Computer Science or Engineering

Eligibility: Must be currently enrolled, or recently graduated (start date must be within 6 months of graduation date) from a coding academy/bootcamp, apprenticeship, associate, bachelor's, master's or JD/PhD program

- Applied programming skills and experience (JavaScript, C++, Java, C and SQL and/or in memory database)
- Critical thinker with a passion for engineering and service excellence
- Excellent communicator, both written and verbal
- Ability to multitask and handle various projects, deadlines and changing priorities
- Strong motivation to learn, teach and grow
- Experience in SQL and NoSQL databases and programing on them
- Knowledge of and experience with source control systems such as GIT, Subversion, Perforce, etc.
- Experiences with web services, networking and internet (DNS, TCP/IP, Apache, firewalling, Load Balancing, RESTful/OData Services, SAML SSO...) are preferred but not mandatory
- Looking for someone who can commit for an 8-month internship starting January 2026 in our SAP Vancouver office location

Citizenship Requirement N/A
