Job Description	

Full Stack AI Applications Intern - PEY opportunity available here: <https://job-boards.greenhouse.io/tenstorrentuniversity/jobs/4532863007>

Tenstorrent is leading the industry on cutting-edge AI technology, revolutionizing performance expectations, ease of use, and cost efficiency. With AI redefining the computing paradigm, solutions must evolve to unify innovations in software models, compilers, platforms, networking, and semiconductors. Our diverse team of technologists have developed a high performance RISC-V CPU from scratch, and share a passion for AI and a deep desire to build the best AI platform possible. We value collaboration, curiosity, and a commitment to solving hard problems. We are growing our team and looking for contributors of all seniorities.

Tenstorrent is leading the industry on cutting-edge AI technology, revolutionizing performance expectations, ease of use, and cost efficiency. With AI redefining the computing paradigm, solutions must evolve to unify innovations in software models, compilers, platforms, networking, and semiconductors. Our diverse team of technologists have developed a high performance RISC-V CPU from scratch, and share a passion for AI and a deep desire to build the best AI platform possible. We value collaboration, curiosity, and a commitment to solving hard problems. We are growing our team and looking for contributors of all seniorities. As a Full Stack AI Applications Intern, your role will focus on building AI application demos such as chat-style interfaces and multi-modal applications, developing end-to-end systems that integrate UI, backend, and ML models, and showcasing the power of Tenstorrent hardware through cutting-edge features like RAG and AI agents.

Citizenship Requirement	N/A
