#### Job Description

**Job Title: Mobile Application Developer Co-op - Android (Winter 2026)**

**Job ID: 2025-21184**

#### Get ready for a Naan-Traditional placement experience!

We're not your average bakery. We're a team of passionate thinkers and doers that are challenging the idea of what a bakery can be. We operate like a startup, powered by creativity and a 'roll up your sleeves' mentality, to give our customers the best possible product

#### Job Summary

We are seeking an enthusiastic and motivated Mobile (Android) Application Developer Co-op to join our mobile development team. As a Mobile App Co-op, you will gain hands-on experience in designing, developing, and maintaining Android applications while working alongside experienced developers. This is an excellent opportunity to apply your academic knowledge to real-world projects and build your professional portfolio.

#### Key Responsibilities

- Assist in the development of Android applications using Kotlin and Java, following established coding standards and best practices
- Contribute to the implementation of new features and improvements to existing Android applications under the guidance of senior developers
- Work with designers to implement user interface components and ensure smooth user experiences across different Android devices and screen sizes

- Write unit tests and assist in debugging applications to ensure quality and reliability
  - Help maintain and update existing codebases, fix bugs and improve performance
  - Create and update technical documentation for features and code you work on
  - Actively participate in code reviews, team meetings, and knowledge-sharing sessions to expand your skills
  - Work closely with other developers, designers, and product team members in an agile environment
- In compliance with Ontario's Bill 190, we confirm that this posting represents a current, existing vacancy within our organization.*

## Job Requirements

### Key Qualifications

- Currently enrolled in a Computer Science, Software Engineering, or related program
- Basic to intermediate knowledge of Kotlin and/or Java
- Familiarity with Android Studio and Android SDK
- Understanding of object-oriented programming principles
- Basic knowledge of RESTful APIs and JSON
- Experience with Git or willingness to learn
- Strong problem-solving abilities and attention to detail
- Excellent communication skills and ability to work in a team
- Eagerness to learn new technologies and development practices
- Self-motivated with good time management skills
- Ability to take constructive feedback and iterate on solutions

**Citizenship Requirement** N/A

## APPLICATION INFORMATION

**Application Procedure** Through Employer Website

**Cover Letter Required?** Optional
