Job Description

Job Title: Student, Associate Software Engineer (Summer 2026)

Job ID: JR00119359

Location: Waterloo | Toronto

Application Deadline: January 19, 2026

Job Description:

The Associate Software Engineer co-op will be an entry-level member of a team focusing primarily on Gen AI application architecture patterns and integration across multiple platforms and programming disciplines. The co-op will use their versatile software engineering prowess and experience to help create and implement new Gen AI patterns into Sun Life's ecosystem, leveraging their ability to work with various technologies and programming languages. The ideal candidate should possess strong problem-solving skills, adaptability, and a willingness to learn and collaborate effectively in a dynamic environment.

Citizenship Requirement N/A
