OUR STORY

TechInsights is the information platform for the semiconductor industry.

Regarded as the most trusted source of actionable, in-depth intelligence related to semiconductor innovation and surrounding markets, TechInsights' content informs decision makers and professionals whose success depends on accurate knowledge of the semiconductor industry-past, present, or future.

Over 650 companies and 125,000 users access the TechInsights Platform, the world's largest vertically integrated collection of unmatched reverse engineering, teardown, and market analysis in the semiconductor industry. This collection includes detailed circuit analysis, imagery, semiconductor process flows, device teardowns, illustrations, costing and pricing information, forecasts, market analysis, and expert commentary. TechInsights' customers include the most successful technology companies, who rely on TechInsights' analysis to make informed business, design, and product decisions faster and with greater confidence. THE OPPORTUNITY

We are seeking a motivated and detail-oriented co-op student to support our Technology Teams by contributing to the development of a QuickSight product within the Technology areas of the platform to integrate and present parts and reports data effectively.?

WHAT YOU WILL DO?

- Review existing Excel worksheets and collaborate with the Technical Product Manager and Technology Team members to verify requirements and test work product.
- Work with the Platform and Data teams on the data flows from Excel worksheets to QuickSight dashboards embedded in our Platform.
- Participate in sync-up meetings and provide input on recommendations and progress.
- Incorporate feedback from Technology Teams and product owners to refine data visualizations and reports.

Technology knows no bounds, and neither does TechInsights. Bringing together talented humans from different perspectives, backgrounds and abilities is something we take seriously. We're committed to building an inclusive environment that welcomes you to be your authentic self and allows us to push past the boundaries together.

TechInsights is committed to meeting the needs of people with disabilities. Accommodations are available on request for candidates taking part in all aspects of the selection process.

As part of any recruitment process, TechInsights collects and processes personal data relating to job applicants. We are committed to being transparent about how we collect and use that data and to meeting our data protection obligations. Our Privacy policy can be referenced here: <https://www.techinsights.com/privacy-policy>
