Job Description

Job Requisition ID

25WD92517

Position Overview

Autodesk is a global leader in the future of design and engineering through cutting-edge AI and cloud technologies. From architecture to entertainment, our tools empower creators to shape a smarter, more sustainable world. Join us to innovate at the intersection of design intelligence, automation, and creativity that transforms how everything is made.

As a Software Engineer Intern on the Consumption Platform organization, you'll have the opportunity to drive projects, solve unique challenges, while diving deep into our processes and tools supporting development of robust and highly performant large-scale distributed systems.

You'll get placed into one of our multiple teams that directly impact on the top-line revenue for our company.

Responsibilities

- Managing your project end-to-end, including designing, developing, testing, releasing, and monitoring software solutions
- Partnering with various cross-functional teams to solve critical problems across the organization, while working in a scrum team environment
- Have technical ownership of your code, and ensure code quality by testing (unit, integration and load tests)
- Get exposure to Amazon Web Services (AWS) cloud platform services.
- Document processes, designs, test results, and analysis

About the Canada Intern Program

The 2026 Canada Internship program runs for 16 weeks (May 4th - August 21st, 2026). All internships are paid. As an intern, you will contribute to meaningful projects, be mentored by industry leaders, and participate in tech talks and other activities designed to support your personal and professional development. Our internships align with Autodesk's Flexible Workplace approach, which is designed to meet the needs of our business while providing flexibility in support of office, remote and hybrid work preferences.

About Autodesk

Welcome to Autodesk! Amazing things are created every day with our software - from the greenest buildings and cleanest cars to the smartest factories and biggest hit movies. We help innovators turn their ideas into reality, transforming not only how things are made, but what can be made.

We take great pride in our culture here at Autodesk - it's at the core of everything we do. Our culture guides the way we work and treat each other, informs how we connect with customers and partners, and defines how we show up in the world.

When you're an Autodesk, you can do meaningful work that helps build a better world designed and made for all. Ready to shape the world and your future? Join us!

Salary transparency

Salary is one part of Autodesk's competitive compensation package. Offers are based on the candidate's experience, educational level, and geographic location.

Diversity & Belonging

We take pride in cultivating a culture of belonging where everyone can thrive. Learn more here:
