Job Description

Job Title: Intern, DTO, Enterprise Analytics (8 Months)

Job ID: 8373

Application Deadline: Sunday, February 22nd, 2026 at 11:59pm PST.

Job Description

Through the National Shipbuilding Strategy (NSS), the Government of Canada has embarked on one of the largest procurement projects since the Second World War. The NSS is a nation-building effort to create a sustainable Canadian shipbuilding industry, secure long-term job opportunities and build the next generation of ships for the Canadian Coast Guard and Royal Canadian Navy. Through its NSS-related work, Seaspan Shipyards is leading the redevelopment of our domestic shipbuilding industry on the West Coast and delivering on the promise of ships built in Canada, by Canadians.

The Digital Transformation & Enterprise Analytics Intern will support the Digital Transformation Office and Enterprise Analytics team as part of a large-scale enterprise digital transformation initiative. This role provides hands-on exposure to modernizing core systems, data platforms, and business processes, while contributing meaningful project and analytics support across multiple workstreams.

Note: Due to business needs, this position is required to be fully on-site based at 50 Pemberton Avenue, North Vancouver.

What you'll do

- Support digital transformation initiatives through project documentation, coordination, and status tracking
- Assist with requirements gathering by documenting stakeholder needs, feedback, and business rules

- Support data-related activities including data clean-up, validation, cataloguing, and governance support
- Prepare and maintain project artifacts such as process documentation, procedures, guidelines, and reference materials
- Assist with transition activities related to ERP implementation, data warehouse modernization, and process redesign
- Provide general project and analytical support across planning, execution, and stabilization phases of the transformation

What you'll learn

- ERP implementation and enterprise system modernization
- Data warehouse re-plumbing and Enterprise Analytics enablement
- Enterprise data governance, cataloguing, and data quality practices
- Business process documentation and standardization
- Stakeholder engagement and cross-functional collaboration
- Practical experience working within a Digital Transformation Office while developing foundational skills in analytics, data management, process improvement, and project support

Why you'll love working here

- A supportive learning environment, great team culture and hands-on experience and training
- Opportunity to grow your career and connect with like-minded students
- Parking is included and to assist those using transit, we operate a complimentary shuttle bus Monday through Friday with various pick up and drop off points around North Vancouver

We require a full-time commitment Monday-Friday, 40 hours per week with an hourly rate of \$26.00/hour.

Start Date of Internship: Monday, May 4th, 2026.

End Date of Internship: Friday, December 18th, 2026 (8-Months).

Please note: if we receive a large volume of applications, we may close this posting ahead of the closing date, therefore, we recommend applying early. Only those applicants under consideration will be contacted.

This position may involve defense articles and/or technical data regulated by the U.S. International Traffic in Arms Regulations ("ITAR") and the U.S. Arms Export Control Act. In compliance with ITAR, the successful candidate will be subject to a security clearance through the Canadian Controlled Goods Program as regulated by the Controlled Goods Regulations and Defense Production Act. The successful candidate will be required to maintain their security clearance throughout their employment in this position.

Seaspan is committed to Employment Equity, supports diversity in the workplace, and encourages applications from all qualified individuals including, women, members of visible minorities, Indigenous persons, and persons with disabilities. If you require any accommodations at any stage of the recruitment process, please reach out to our Talent Acquisition team at recruit@seaspan.com for confidential support. We are committed to providing an inclusive and accessible environment.

Job Requirements

What you'll bring

- Strong organizational, documentation, and communication skills
- Education in computer science, analytics, data, digital transformation, or information systems
- Comfortable working with structured information, data sets, and process documentation
- Detail-oriented and able to support multiple workstreams in a fast-paced environment
- Proficiency with Microsoft Office tools; familiarity with data or analytics tools is a plus

Citizenship Requirement N/A
