- **Work term 6:** \$31.00 pr/hr

Python Software Developer Intern

Safe Software is looking for a Python Software Developer Intern to join our development team. This is a four-month, full-time placement (with a possibility for extension to 8-months).

This hybrid role is based at our head office in Surrey, British Columbia. To support a strong onboarding and mentorship experience, this position requires working onsite at least 2 days per week at our Surrey office. The remaining 3 days can be worked remotely.

About The Team

The Web Connect Team builds and supports Python-based plugins and FME Packages. The team also maintains the Python framework and SDK used for FME Package development. In addition, they provide Python consulting to other teams across Safe.

What You'll Be Doing

As a Python Software Developer Intern, you'll have the opportunity to:

- Work embedded within a team of developers and QA members.
- Participate in daily stand-up meetings, and design and technical discussions.
- Write and design readable, maintainable and performant code.
- Analyze (debug) issues and properly resolve them if feasible.
- Learn and understand new (and existing) technologies based on planned new features.
- Write and maintain technical documentation based on code implementation.
- Test implementations and create automated tests around code written.
- Evaluate development tools and existing technologies for internal use.

When you choose a career with Safe Software, you're also choosing...

- **Meaningful Work:** Make a profound impact across our business, workplace and data integration product.
- **A Supportive Environment:** Feel empowered to share your ideas and implement them with high autonomy and team support.
- **Social Responsibility:** Become part of a team that finds meaningful ways to give back. Take paid time off to volunteer for one of our Safe-organized opportunities that align with our core community initiatives.
- **Learning & Career Development:** We believe in your continuous learning and growth. Take advantage of an annual learning budget and training programs paid for by Safe.
- **Flexible Working Hours:** Flexible and remote-friendly work arrangements to fit your lifestyle. Work when you want, and how you want to.
- **Work-Life Balance:** There's no place for burnout at Safe. Maintain a healthy balance of your personal and work life without splitting yourself in two. Enjoy 3 weeks of vacation to recharge, plus an additional paid 6 seasonal days off per year.
- **Health & Wellness:** Extended health, dental, health or lifestyle spending, and counseling benefits from day 1. That's right, no waiting period.
- **Family is important:** We are dedicated to supporting our employees through parenthood and offer a Parental Leave Top-Up Program for new parents through childbirth or adoption.
- **Shared Success:** Share in Safe's success with our bi-annual profit sharing and RRSP/TFSA matching program.
- **An Accessible Commute:** Regardless of your commute method, we're located close to public transit, and provide complimentary parking and bike storage for our team!

About Safe Software

Safe Software transforms organizations with FME, the only All-Data Any-AI Enterprise Integration Platform connecting all your data, anywhere, at any velocity. With over 30 years of expertise and 25,000+ enterprise customers across 125+ countries, we simplify your data journey, wherever it leads.
