#### Job Description

**Job Title: Technical Systems Analyst Co-op**

**Job ID:** 2521593

We're building a relationship-oriented bank for the modern world. We need talented, passionate professionals who are dedicated to doing what's right for our clients.

At CIBC, we embrace your strengths and your ambitions, so you are empowered at work. Our team members have what they need to make a meaningful impact and are truly valued for who they are and what they contribute.

To learn more about CIBC, please visit [CIBC.com](https://www.cibc.com)

#### What you'll be doing

Join CIBC's Technology Operations team as a Technical Systems Analyst where you will be responsible for analyzing, investigating and executing support requests from multiple testing & development facing CIBC partners in relation to common platforms (Windows, Unix, Network) hosting various types of middleware and applications. Working with both internal and external stakeholders to ensure end to end processes are followed through to completion is an integral component of the role. Developing and maintaining technology stewardship relationships to help better evolve the robustness, reliability, and agility of CIBC's technology is our driving purpose.

*At CIBC we enable the work environment most optimal for you to thrive in your role. Details on your work arrangement (proportion of on-site and remote work) will be discussed at the time of your interview*

#### Important information

Please note, we have multiple positions available under this posting and you may be considered by more than one hiring team

- We may ask you to complete an attribute-based assessment and other skills tests (such as simulation, coding, French proficiency,

MS Office). Our goal for the application process is to get to know more about you, all that you have to offer, and give you the opportunity to learn more about us.

- You must be currently enrolled in post-secondary education and returning to full-time studies to be eligible. However, you do not need to be in a registered Co-Op program to be considered for a role.
- Please include your resume (no more than 2 pages), a cover letter (no more than 1 page), and your most recent unofficial transcript with your application. These should all be uploaded into the Resume section of the application as one pdf document
- Please note, we have multiple positions available under this posting and your application can be considered for either 4 or 8 month co-op term.

#### **How you'll succeed**

- **Strategy & Technology Design** - Designs, implements, configures, and manages solutions within the supported technologies, products, and services. Research and recommend innovative and automated approaches for operational tasks. Knowledge of system and network architecture and integrations - both technical and functional.
- **Infrastructure Security** - Integrates threat, vulnerability, IT, and business to prioritize incident handling and investigations. Demonstrated experience with performing security policy assessments. Defines security configurations for threat detection and prevention tools. Provides remediation recommendations for non-compliances.
- **Leadership & Vendor Management** - Collaborate with internal and external teams as well as stakeholders on report design, build, and delivery and provide analysis of the data to align with the strategic business processes. Maintains direction, and balances big-picture concerns occurring within the industry with day-to-day issues. Orchestrating and leading the execution of changes that are centric to both physical compute resources and their supporting site infrastructure hardware.

#### **What CIBC Offers**

At CIBC, your goals are a priority. We start with your strengths and ambitions as an employee and strive to create opportunities to tap into your potential.

- We work to recognize you in meaningful, personalized ways including a competitive compensation, a banking benefit\*, wellbeing support, and additional offers such as employee and family assistance programs and MomentMakers, our social, points-based recognition program.
- Our spaces and technological toolkit will make it simple to bring together great minds to create innovative solutions that make a difference for our clients.

\*Subject to program terms and conditions

#### **What you need to know**

- CIBC is committed to creating an inclusive environment where all team members and clients feel like they belong. We seek applicants with a wide range of abilities and we provide an accessible candidate experience. If you need accommodation, please contact Mailbox.careers-carrieres@cibc.com
- You need to be legally eligible to work at the location(s) specified above and, where applicable, must have a valid work or study permit.
- We may ask you to complete an attribute-based assessment and other skills tests (such as simulation, coding, French proficiency, MS Office). Our goal for the application process is to get to know more about you, all that you have to offer, and give you the opportunity to learn more about us.

### **Job Requirements**

#### **Who you are**

- You're digitally savvy. You are familiar with programming languages and enjoy improving the user experience. You seek out innovative solutions and embrace evolving technologies. You can easily adapt to new tools and trends.
- You put our clients first. You engage with purpose to find the right solutions. You go the extra mile, because it's the right thing to do.
- You look beyond the moment. You make decisions and take actions that will make a difference today and tomorrow. You proactively seek new opportunities to define what's possible
- You give meaning to data. You enjoy investigating complex problems, and making sense of information. You're confident in your ability to communicate detailed information in an impactful way.
- Your influence makes an impact. You know that relationships and networks are essential to success. You inspire outcomes by making yourself heard.
- Values matter to you. You bring your real self to work and you live our values - trust, teamwork, and accountability.

#### **Citizenship Requirement**

N/A
