## Product Security Analyst Intern

Safe Software is looking for a Product Security Analyst Intern to join our Integrations development team. This is a four-month, full-time placement with opportunity for extension.

Our student internships have the opportunity to be hybrid/on-premise at our office based in Surrey, BC, Canada. In order to provide the best onboarding and mentorship experience, this position will require the intern to work on-premise at least 2 days per week at our office based in Surrey, BC, Canada. The remaining 3 days can be worked remotely from home.

## About The Team

At Safe Software, the Product Security team plays a vital role in safeguarding our products and maintaining customer trust. We partner across engineering to embed security throughout the software development lifecycle-from defining secure coding practices to managing vulnerabilities and overseeing supply chain risk. We also lead developer enablement programs, ensure compliance with industry standards like SOC 2 and ISO 27001, and drive adoption of automated security testing. Our team fosters a strong security culture that supports innovation without compromise.

## What You'll Be Doing

**As a Product Security Analyst Intern, you'll have the opportunity to:**

- Assist with monitoring, triaging, and tracking product vulnerabilities.
- Build/enhance/maintain automations and scripts to streamline security tasks.
- Contribute to projects that support secure development and compliance.
- Grow your Git and coding skills in a collaborative, real-world software environment.
- Learn how security integrates into the software development lifecycle.
- Work alongside great people who genuinely care about your wellbeing.

## What You Can Expect

When you choose an internship with Safe Software, you're also choosing...

- **Meaningful Work:** Be a part of the solution. Get involved in hands-on projects that matter to you (and us) that challenge your critical thinking and help take your skills to the next level.
- **A Supportive Environment:** Feel empowered to share your ideas and implement them with high autonomy and support.
- **Mentorship:** Learn from a team of experienced mentors and technical leaders who will support your development. 1 in 4 of our current staff started as student interns!
- **Social Responsibility:** Become a part of an organization that finds meaningful ways to give back.
- **Work-Life Balance:** There's no place for burnout at Safe. Maintain a healthy balance of your personal and work life without splitting yourself in two. Student interns enjoy 4% vacation pay to allow for flexibility for time off during your term.
- **Fun:** Participate in team building activities to let loose and have fun! Check out our Takeover Tuesday and #LifeAtSafe Instagram highlight reels to see what a work term at Safe is like.
- **Shared Success:** Share in Safe's success with our bi-annual profit sharing.
- **An Accessible Commute:** Regardless of your commute method, we're located close to public transit, and provide complimentary parking and bike storage for our team!

## About Safe Software

Safe Software is the creator and developer of FME - the data integration platform with the best support for spatial data worldwide. Over 10,000 organizations around the world use FME in industries like AEC, government, utilities, and transportation to maximize the value of their data.

Founded in 1993, Safe is headquartered in Surrey, BC with over 200 team members and counting. We're always looking for talented individuals with diverse backgrounds who are determined to learn and grow. Are you ready to join the team?

## Our Commitment to Diversity and Inclusion

Safe Software is an equal opportunity employer and we truly believe that innovation and strength begin with diversity and inclusion. We welcome all candidates regardless of race, gender identity or expression, sexual orientation, age, ability, disability, national or ethnic origin, political belief, religion, or family status. Should you require accommodations during the recruitment process, please contact [hr\\_dept@safe.com](mailto:hr_dept@safe.com).

### Job Requirements

## Qualifications, Skills, and Competencies

Safe Software evaluates applicants based on their passion and skill with technology. That said, having experience with some of the following areas is an asset.

### Required skills

- Technical skills:
- Programming in Python

- Experience with Git
- You're able to facilitate connections with your team members to share information and ideas.
- You're able to keep track of your projects and prioritize them.
- You're willing and able to collaborate with others and exchange meaningful feedback.
- You're able to work well with minimal supervision in a remote team environment, and are motivated to learn new technologies and skills.

**Citizenship Requirement** N/A

## APPLICATION INFORMATION

**Application Procedure** Through Employer Website

**Cover Letter Required?** Optional

**Address Cover Letter to** Hiring Manager

**Special Application Instructions**

## Application Instructions

We know great talent comes in many forms, and we take the time to review each application with care. What matters most is your potential, curiosity, and interest in Safe Software.

- **Application Deadline:** All applications will be reviewed, and selected candidates will be contacted. The deadline to apply is

**Tuesday, October 28 at 9:00 a.m. Pacific Time.**

- **Eligibility:** This opportunity is open to students currently enrolled in a university or college program.

- **Fair Process:** To give everyone an equal opportunity, please apply directly through this posting.

**Please upload your application in PDF format only.**

- **Required:** Cover letter, resume, and transcript.

In your cover letter, feel free to tell us:

- Why you're excited about working at Safe Software.
- How your unique background or potential aligns with the role, even if you don't check every box.

*Tip: Many of our best co-op hires stood out through their curiosity, enthusiasm, and values, even if they were still developing technical skills.*

This posting will remain open until the deadline listed above. We encourage you to apply by then to ensure your application is considered. We'll review all applications after the deadline and will contact shortlisted candidates directly to arrange interviews.

**Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website.**
