Job Description	

Powerex Corp., the wholly owned energy marketing subsidiary of BC Hydro, currently has a 4-month co-op position for a Business Analyst to join our IT team with a focus on project and application delivery. There is a strong possibility of this co-op position extending to 8-months based on performance and team fit.

We are looking for a motivated and detail-oriented Data Analyst Co-op to join our IT Data System team. This is an excellent opportunity to gain hands-on experience working with data in a real-world IT environment. You will assist in analyzing and interpreting data stored in snowflake to support different initiatives, design and build reports and visualizations, and support data management requests on our datahub in snowflake.

We offer a high-energy atmosphere, a fun, talented team, and competitive compensation package, which are only a few of the great things that help make Powerex an exciting and enjoyable place to work. We are looking for students interested in the intersection between IT and business and are keen to learn how technology and data can be applied to solve real world problems. If you are a creative problem solver, fast learner, and a proactive self-starter this is the role for you.

Responsibilities:

- Gather, clean, and analyze data in snowflake
- Monitor data quality and assist in data governance initiatives
- Support day-to-day data management request on our datahub
- Identify trends, correlations, and outliers in data sets

- Design and build reports, dashboards, and visualizations

About Powerex

Powerex Corp., a wholly owned subsidiary of BC Hydro, is a leading marketer of wholesale energy products and services in western Canada and the western US, and a growing niche player in other markets across North America.

At Powerex we work hard to provide our customers -- utilities, power pools, large industrials, and power marketers -- with the energy products and services they need, when and where they need them. From energy and capacity sales to natural gas trading, Powerex has come to be known as a power marketing and trading company with reliable supply, business flexibility and customer commitment to get the deal done.

Supply. Flexibility. Commitment. We stake our reputation on it.

Required Skills:

- Proficiency in SQL and experience with relational databases
- Familiarity with Microsoft Excel and basic data analysis techniques
- Strong analytical skills, attention to details and fast learner
- Excellent written and oral communication skills
- Ability to work independently and as part of a team.

Nice to Have:

- Exposure to data visualization tools (e.g. Tableau, Sigma)
- Basic programming experience (e.g. Python, Streamlit).
- Previous co-op or internship experience in a technical or analytical role.

Other:

- Must be allowed to work in Canada
- This role is located in Vancouver British Columbia
- Core business hours are 9 am to 3 pm

Citizenship Requirement	N/A
