Job Description	

Job Description:

The Office of Pediatric Surgical Evaluation and Innovation (OPSEI) located at BC Children's Hospital aims to establish and maintain a unique position for our hospital as a leader nationally and internationally in the delivery of high quality pediatric surgical care. It is an investment in conducting clinical research that contributes to the effectiveness, quality, equity, end, efficiency of pediatric surgical care and outcomes in BC. Reporting to the Executive Director, OPSEI is looking for an independent and motivated individual to assist in various projects which aim to improve clinical care. The Co-Op Student will provide support on both discrete short-term projects and longer-term initiatives. The successful candidate will be required to work as part of a project team, or may work quite independently. Some of the projects or duties that this position is responsible include:

- Gathering, collating and submitting Quality Improvement data on a monthly basis on a variety of clinical studies.
- Communicate and collaborate with various pediatric surgeons and their teams on clinical research and QI projects.
- Support and initiate new research projects under the direction of the Director and Surgical Faculty including, literature reviews, protocol development, ethics approval, patient and family recruitment, study analysis, and formal presentation of results.

Job Requirements

Specific Required Knowledge and Experience:

- Excellent written and oral communication skills
- Strong team project management experience

- Strong analytical skills, including a knowledge of basic statistics
- Extremely familiar with Microsoft Office applications, especially Microsoft Excel
- Excellent internet research skills
- Ability to work with minimal supervision and comfortable working quite independently
- High degree of personal initiative, creativity and imagination

Citizenship Requirement N/A

Position Start Date January 06, 2026 12:00 AM

Position End Date April 30, 2026 12:00 AM
