We're the largest fintech company in Canada, with over 3+ million users who trust us with more than \$100 billion in assets.

Our teams ship often and make an impact with groundbreaking ideas. We're looking for talented people who keep it simple and value collaboration and humility as we continue to create inclusive and high-performing teams where people can be inspired to do their best work.

Internships @ Wealthsimple

At Wealthsimple, we offer 4 to 8-month internships that are open to co-op and non-co-op students, and recent grads. During your internship, you will have the opportunity to contribute to projects that are changing the landscape of financial services for Canadians. You will be on a team that supports your growth, provides mentorship, and connects you to the broader Wealthsimple community!

Our internship program follows a hybrid work model, where you'll be working from our Toronto headquarters on Wednesdays and Thursdays. This structure offers the flexibility of remote work, while also providing the collaboration, connection, and mentorship that come from being together in person.
