#### Job Description

**Job Title:** Summer Intern/Co-op 2026 - Software Engineering

**Job ID:** JR25110669

**Location:** Waterloo, ON

**This position is 12-month term, spanning from May 2026 to April 2027.**

***\*\*Please note there are specific application instructions required to be considered for this role\*\****

At Manulife John Hancock, we believe in investing in the future - starting with you. Our Internship Program is your launchpad to success, offering the support, structure, and exciting opportunities you need to thrive and make your mark.

As a Software Engineering Intern/Co-op student, you'll gain valuable exposure to support your career journey in the exciting world of technology. Join a supportive team and experience a values-first culture where your career development and well-being are prioritized alongside your job impact. You'll receive guidance from skilled technical leaders who value your teamwork and coordination abilities, and gain exposure to industry-leading, enterprise technologies.

#### Position Responsibilities:??

- Design, develop test and support application solutions across various platforms and technology including AEM, Salesforce, Java, JavaScript/React and HTML5.
- Collaborate across solutions with product managers, lead engineers, other software engineers, and operations engineers to develop solutions that deliver new business value through software.
- Prototype and build new functionality to deliver on key product objectives.
- Establish and implement processes to achieve quality outcomes in the content management process.
- Provide a front to end VIP service for high priority clients, including Global Communications, CEO messages, Employee

Engagement, ensuring the highest quality.

- Maintain and support these services, with accountability for production reliability and usage, and the delivery of new functionality.
- Educating authors on processes and workflow to increase quality.

#### **When you join our team:?**

- We'll empower you to learn and grow the career you want.?
- We'll recognize and support you in a flexible environment where well-being and inclusion are more than just words.?
- As part of our global team, we'll support you in shaping the future you want to see.?
- As part of our co-op program, you will gain early access to Manulife John Hancock's premier early talent program, GRO, tailored to graduating students! This program is designed to launch your career with the support, structure, and opportunities you need to thrive.

#### **Application instructions:**

- Submit your resume, cover letter, academic transcript, and work term evaluation (if any) in one PDF file.
- Note: Applications are reviewed on a rolling basis.*
