Job Description

At 1Password, we're building the foundation for a safe, productive digital future. Our mission is to unleash employee productivity without compromising security by ensuring every identity is authentic, every application sign-in is secure, and every device is trusted. We innovated the market-leading enterprise password manager and pioneered Extended Access Management, a new cybersecurity category built for the way people and AI agents work today. As one of the most loved brands in cybersecurity, we take a human-centric approach in everything from product strategy to user experience. Over 175,000 businesses and millions of people trust us to provide seamless, secure access to their most critical information.

If you're excited about the opportunity to contribute to the digital safety of millions, to work alongside a team of curious, driven individuals, and to solve hard problems in a fast-paced, dynamic environment, then we want to hear from you. Come join us and help shape a safer, simpler digital future.

The Product, Frameworks, and Tooling team builds systems that abstract away complexities, allowing developers to focus on building delightful experiences.

This is a remote opportunity within Canada. This position will be for 4 months - January to April 2026.

What you can expect:

- Implement new design system components and tools that developers at 1Password will use to build features.
- Contribute to design system documentation and testing infrastructure.
- Participate in design and code reviews

Job Requirements**What we're looking for:**

- Confidence: A willingness to take on new challenges, and see them through to completion.
- Humility: You're not afraid to ask "stupid" questions and make mistakes (as long as you learn from them).
- Curiosity: You look for better ways of doing things, even if everyone seems happy with how they are.
- Teamwork: We work together, and succeed as a team!

Bonus points for:

- Experience with Rust or TypeScript.
- An interest in visual design and accessibility.
- An interest in building tools for other developers.

Citizenship Requirement

N/A

APPLICATION INFORMATION**Application Procedure**

Through Employer Website

Special Application Instructions

Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website.

Application Link: <https://jobs.ashbyhq.com/1password/7a8bab00-8c28-4485-9394-a0ef193426fe?employmentType=Intern>

Applications are accepted on a rolling basis and the posting may be expired at any time by the employer as submissions are received.

Students should submit their applications as soon as they are ready.
