## **Who we are:**

Geotab ® is a global leader in IoT and connected transportation and certified "Great Place to Work™." We are a company of diverse and talented individuals who work together to help businesses grow and succeed, and increase the safety and sustainability of our communities.

Geotab is advancing security, connecting commercial vehicles to the internet and providing web-based analytics to help customers better manage their fleets. Geotab's open platform and Geotab Marketplace ®, offering hundreds of third-party solution options, allows both small and large businesses to automate operations by integrating vehicle data with their other data assets. Processing billions of data points a day, Geotab leverages data analytics and machine learning to improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety and achieve strong compliance to regulatory changes.

Our team is growing and we're looking for people who follow their passion, think differently and want to make an impact. Ours is a fast paced, ever changing environment. Geotabbers accept that challenge and are willing to take on new tasks and activities - ones

that may not always be described in the initial job description. Join us for a fulfilling career with opportunities to innovate, great benefits, and our fun and inclusive work culture. Reach your full potential with Geotab. To see what it's like to be a Geotabber, check out our blog and follow us @InsideGeotab on Instagram. Join our talent network to learn more about job opportunities and company news.

## Who you are:

We are always looking for amazing talent who can contribute to our growth and deliver results! Geotab is seeking a Data Scientist Intern who will work with the Revenue Operations team on data analysis, computer modeling, and generative AI. Your work directly impacts our actions and relationships with customers, partners, and other Geotab teams. If you love technology, and are keen to join an industry leader - we would love to hear from you!

## What you'll do:

As a Data Scientist Intern, your key areas of responsibility will be to assist with ad hoc data analyses, maintain & monitor predictive models, and use Geotab's internal AI tools to assist with business needs. You will need to work closely with Geotab's Revenue Generation Data teams and their stakeholders.

To be successful in this role you will have a strong work ethic, an eagerness to jump in and help fix things, strong communication skills and a positive attitude. In addition, a successful candidate will have strong proficiency in Google workspace, confidence with SQL-based tasks, and experience with the python programming language. The successful candidate will also be able to manage multiple timelines and contrasting priorities to ensure timely results.

## The opportunity:

- 8 month work-term beginning May 2026.
- Full-time, paid internship: Monday - Friday, 37.5hrs/week.
- Your first week at Geotab begins with 'GEO Launch' - a one-week Employee Orientation. [Click here to learn more!](#)
- Learn more about the Geotab Campus Program [here](#).
- This posting is for an existing vacancy.

## How you'll make an impact:

- Assist teammates and stakeholders with data answers to important business questions.
- Improve and maintain existing machine learning models.
- Provide useful AI analyses and automation on big business data.

### Job Requirements

## What you'll bring to the role:

- Completing a STEM, Computer Science, Math, Business Analysis or similarly related technical degree.
- Confidence with tackling SQL and data analysis tasks.
- Experience with Python programming and machine learning.
- Strong analytical skills with the ability to recognize patterns and change processes.
- Strong communication, organization, and time management skills, as well as a willingness to learn and strong work ethic.
- Enthusiastic, creative, self-motivated, with the ability to work with various departments across Geotab.

If you got this far, we hope you're feeling excited about this role! Even if you don't feel you meet every single requirement, we still encourage you to apply.

**Citizenship Requirement** N/A

## APPLICATION INFORMATION

**Application Procedure** Through Employer Website

## Special Application Instructions

**Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website.**
