**Job Description**

ID: 3079592

### Company:

Qualcomm Canada ULC

### Job Area:

Interns Group, Interns Group > Interim Engineering Intern - SW

### Qualcomm Overview:

Qualcomm is a company of inventors that unlocked 5G ushering in an age of rapid acceleration in connectivity and new possibilities that will transform industries, create jobs, and enrich lives. But this is just the beginning. It takes inventive minds with diverse skills, backgrounds, and cultures to transform 5Gs potential into world-changing technologies and products. This is the Invention Age - and this is where you come in.

#### General Summary:

This internship centers on the development of efficient large multimodal models (LMMs) designed for streaming environments and optimized for on-device deployment. The selected intern will contribute to advancing intelligent systems-such as chatbots and robotic agents-that can perceive, interpret, and interact with dynamic real-world contexts in real time. The project will emphasize both the multimodal comprehension capabilities of these models and their computational efficiency, enabling responsive and

context-aware behavior in resource-constrained settings.

**Applicants:** Qualcomm is an equal opportunity employer. If you are an individual with a disability and need an accommodation during the application/hiring process, rest assured that Qualcomm is committed to providing an accessible process. You may e-mail [myhr.support@qualcomm.com](mailto:myhr.support@qualcomm.com) or call Qualcomm's toll-free number found [here](#). Upon request, Qualcomm will provide reasonable accommodations to support individuals with disabilities to be able participate in the hiring process. Qualcomm is also committed to making our workplace accessible for individuals with disabilities.

Qualcomm expects its employees to abide by all applicable policies and procedures, including but not limited to security and other requirements regarding protection of Company confidential information and other confidential and/or proprietary information, to the extent those requirements are permissible under applicable law.

**To all Staffing and Recruiting Agencies:** Our Careers Site is only for individuals seeking a job at Qualcomm. Staffing and recruiting agencies and individuals being represented by an agency are not authorized to use this site or to submit profiles, applications or resumes, and any such submissions will be considered unsolicited. Qualcomm does not accept unsolicited resumes or applications from agencies. Please do not forward resumes to our jobs alias, Qualcomm employees or any other company location. Qualcomm is not responsible for any fees related to unsolicited resumes/applications.

If you would like more information about this role, please contact Qualcomm Careers.
