Job Description	

This role has been designed as 'Hybrid' with an expectation that you will work on average 2 days per week from an HPE office.

Who We Are:

Hewlett Packard Enterprise is the global edge-to-cloud company advancing the way people live and work. We help companies connect, protect, analyze, and act on their data and applications wherever they live, from edge to cloud, so they can turn insights into outcomes at the speed required to thrive in today's complex world. Our culture thrives on finding new and better ways to accelerate what's next. We know varied backgrounds are valued and succeed here. We have the flexibility to manage our work and personal needs. We make bold moves, together, and are a force for good. If you are looking to stretch and grow your career our culture will embrace you. Open up opportunities with HPE.

Job Description:

We are looking for a motivated and enthusiastic intern to join our team for the summer of 2026. In this role, you will work on improving and maintaining wireless driver functionality, gaining valuable hands-on experience in software development for wireless technologies. This is a great opportunity to learn and contribute to impactful projects in a supportive and collaborative environment.

Hybrid work (2 days a week in office) at **St-Laurent Office**: 2344 Alfred-Nobel, St-Laurent QC H4S0A4

Key Responsibilities:

- Assist in the development and improvement of wireless drivers.
- Investigate and resolve issues related to wireless driver functionality.
- Collaborate with team members to design and implement driver enhancements.
- Learn and apply knowledge of Wi-Fi protocols during development tasks.
- Document processes, findings, and improvements to maintain best practices.

Job Requirements

Qualifications:

- Currently pursuing a degree in Computer Science, Software or Electrical Engineering, or a related field (second year or above).
- Proficient in **C programming language**.
- Basic knowledge or familiarity with **Wi-Fi protocols** (preferred but not mandatory).
- Strong problem-solving abilities and eagerness to learn new technologies.
- Excellent collaboration and communication skills.

Citizenship Requirement N/A
