Job Description	

Job Title: 2026 (4-month) Summer Internship (Canada) - Quality Assurance Engineer

Job ID: 110971

Remote Work: Hybrid

Overview:

At Zebra, we are a community of innovators who come together to create new ways of working. United by curiosity and a culture of caring, we develop smart solutions that anticipate our customer's and partner's needs and solve their challenges.

Being a part of Zebra Nation means you are seen, heard, valued, and respected. Drawing from our unique perspectives, we collaborate to deliver on our purpose. Here you are a part of a team pushing boundaries today to redefine the work of tomorrow for organizations, their employees, and those they serve.

You'll have opportunities to learn and lead in a forward-thinking environment, defining your path to a fulfilling career while channeling your skills toward causes you care about - locally and globally.

Come make an impact every day at Zebra.

The purpose of this internship is to prepare students for entry into the business world by providing a thorough understanding of the various functions of the Zebra Technologies organization. The program is designed to provide students with experiences that provide insights into a career with Zebra. Students will be positioned for success with training and hands-on experiences, invited to social and development activities, and provided a professional mentor relationship.

We are looking for a dynamic Quality Assurance Intern to join our Global Quality team and pioneer the future of smart manufacturing. In this role, you will build the analytical framework that turns data from Zebra's cutting-edge IoT systems into predictive insights. Your mission will be to develop tools that proactively detect anomalies in our manufacturing processes, ensuring our systems are robust, our quality is world-class, and our customers receive flawless products. This is a unique opportunity to help oversee our global supplier network and make a tangible impact on a global scale.

This position is for an existing vacancy at Zebra Technologies.

THIS IS A HYBRID INTERNSHIP. THIS INTERN MUST BE ABLE TO WORK ONSITE AT ZEBRA'S MISSISSAUGA, ONTARIO OFFICE AT LEAST 3 DAYS/WEEK.

TARGET START DATE - MAY/JUNE 2026

Responsibilities:

After an initial on the job training shadowing senior members of the staff to learn the current state of the art processes, the intern will be responsible for developing tools and generating reports on Zebra products from IOT System.

This will include, but not limited to:

- API Development and Data Analytics in Python
- Data Visualizations: SPC controls Heatmaps, pareto charts, etc
- Knowledge of statistics (mean, standard deviation, normal distributions)
- Understanding of basic Manufacturing processes and Test systems to draw conclusions
- Knowledge of Basic Assembly and Test Fixtures/Tools to help debug issues

Rate: CAD \$27.00 - CAD \$31.50/hourly

Zebra is an equal opportunity employer. All qualified candidates will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identify, national origin, disability, protected veteran status, or any other basis prohibited by law. If you are an individual with a disability and need assistance in applying for a position, please contact us at workplace.accommodations@zebra.com. We will ensure that individuals with disabilities are provided reasonable accommodation to participate in the job application or interview process, to perform crucial job functions, and to receive other benefits and privileges of employment.

Zebra is a federal contractor and is committed to an alcohol and drug free workplace. As a result, all U.S. based employees are subject to the Drug and Alcohol Free Workplace Policy and Procedure.

Zebra Technologies is committed to ensuring equal access and participation for people with disabilities. We are committed to treating people with disabilities in a way that allows them to maintain their dignity and independence. We are also committed to giving people with disabilities the same opportunity to access our services and allowing them to benefit from the same services, in the same place and in a similar way as other clients. We will do so by removing and preventing barriers to accessibility and meeting our accessibility requirements under the Accessibility for Ontarians with Disabilities Act and Ontario's accessibility laws. In keeping with these commitments, for any applicant, employee or customer that needs accessibility assistance, kindly direct all

inquiries to workplace.acc@zebra.com.

To protect candidates from falling victim to online fraudulent activity involving fake job postings and employment offers, please be aware our recruiters will always connect with you via @zebra.com email accounts. Applications are only accepted through our applicant tracking system and only accept personal identifying information through that system. Our Talent Acquisition team will not ask for you to provide personal identifying information via e-mail or outside of the system. If you are a victim of identity theft contact your local police department.

Zebra Technologies leverages AI technology to evaluate job applications using objective, job-relevant criteria. This approach enhances efficiency and promotes fairness in the hiring process. However, every decision regarding interviews and hiring is made by our dedicated team, because we believe people make the best decisions about people. For more on how we use technology in hiring and how we process applicant data, see our **Zebra Privacy Policy**.
