At Saputo, we bring good to the table by making high-quality products, investing in our people, and supporting communities around the world . As a top 10 global dairy processor, we value contributions that matter and strive to foster an inclusive, growth-driven work environment. Ready to bring your best?

Our best comes from our people-their expertise, talents and passion. As our industry continues to evolve, and we serve more customers around the world, it's our people who drive our success as a leading global dairy processor. **The QA Systems & Regulatory Affairs Intern** will support the QA Systems and Regulatory Affairs teams with setup and ongoing management of the supplier approval program. The intern will assist with document management within our supplier database and ensure compliance. The intern will also communicate with suppliers surrounding any questions or issues that may arise.

**The Internship Program will begin on May 11th and end August 14th, 2026.**

AT SAPUTO, YOU WILL...

- **Write the future of the industry** - We're a leading global dairy processor because we've always been passionate and optimistic about solving the challenges we face. At Saputo, you will work alongside a committed team that continues to find better and more efficient answers that shape the future of our industry.
- **Have an impact on day one** - Being hands-on is part of our culture. From your first day, you'll contribute to our success, because we tap into the talents of each and every one of our employees.
- **Grow in your own way** - We know that everyone's growth path looks a little different. As you progress in your internship, you'll discover opportunities for you to grow and build your own career path.

#### **HOW YOU WILL MAKE CONTRIBUTIONS THAT MATTER...**

- Review and approve supplier documents, enter new items and information, answer supplier questions or concerns while utilizing our supplier management database (TraceGains);
- Help with finalizing finished product recipes for BRC review with the help of the manufacturing plants;
- Edit and update any necessary documents in compliance with QA requirements.

At Saputo, our best comes from our people. We're a talented and caring team with a longstanding history of excellence. Since our first days delivering cheese on a bicycle, we've grown into a leading global dairy processor by staying true to the culture that defines us. Each of our employees is committed to uphold our tradition of care, quality, and passion through food, and together, we foster an environment where we can all make contributions that matter—from our manufacturing plants to our office locations and everywhere in-between.

We support employment equity. Saputo strives to embed diversity and inclusion in its operations and invites candidates from all horizons to join its family.?

In Canada, Saputo is a leading cheese manufacturer and fluid milk and cream processor, with a portfolio of well-loved brands such as Dairyland, Armstrong, Neilson, Alexis de Portneuf, and many more. Whether your expertise lies in manufacturing, operations, supply chain management, sales, quality assurance, or in any other function, your role is integral to our success. You will make contributions that matter, all while working alongside colleagues who genuinely care about your success and who will roll up their sleeves to help.

### **Job Requirements**

#### **YOU ARE BEST SUITED FOR THE ROLE IF YOU...**

- Are currently pursuing a Bachelor's or Master's degree in Food Sciences or a related field (Second or third year undergrad or first year Master students);
- Are active in extracurricular activities on campus or in the community;
- Have previous related internship experience (an asset);
- Are detail-oriented, analytical, self-motivated and willing to take initiative;
- Are not afraid to get acquainted with your team and business partners, quickly building relationships;
- Are bilingual with strong oral and written communication skills (French and English);
- Master Office suite programs and applications;
- Have strong time management and organizational skills: you will manage priorities and multiple projects at a time all while ensuring to meet deadlines.

#### **Citizenship Requirement**

N/A
