<b>Job Description</b>	

Co-op Student - Digital Technology - January 2026 (8 Months)

Advisory - Vancouver, British Columbia

We are looking for an 8-month Digital Technology Co-Op Student from January 2026-August 2026 to join our Digital Technology team - bring your ambition and shape what comes next.

Be part of something bigger. Build with us today - Now. For tomorrow.

At Baker Tilly, we care about the impact you make. That's why we're invested in your growth from day one-because the steps you take today define your tomorrow.

We are looking for a Digital Technology Co-op Student to join our team-a role where your expertise will drive meaningful outcomes and your ambition will help shape what comes next. Here, you'll collaborate with a dynamic team of professionals, united by a shared commitment to making a difference-for our clients, our communities, and one another.

Baker Tilly is a leading advisory and accounting firm dedicated to building better futures. With global reach and local roots, we combine the scale of a network with the trust of strong relationships. From audit and tax to consulting and specialist advisory services, we help clients navigate complexity and seize opportunity with clarity.

Your role:

As a Digital Technology Co-Op Student, you'll be an integral part of a multidisciplinary team driving digital transformation across

our firm. Over the course of your 8-month term (January-August 2026), you'll gain hands-on experience applying emerging technologies to real-world challenges, contributing to projects that enhance efficiency, insight, and impact.

You'll work on data analysis, automation, and AI-driven solutions that create value for both internal teams and external stakeholders. From integrating new tools to optimizing workflows, your contributions will help shape the future of how we work. This is a unique opportunity to build your skills, collaborate with experienced professionals, and make a meaningful difference in a fast-evolving digital landscape.

What's in it for you?

- Career Growth opportunities
- An open-door culture promoting interaction with all staff levels, including partners
- A fully stocked kitchen with breakfast foods, healthy snacks, and treats during tax season, plus coffee, tea, and drinks throughout the year
- Overtime meal and parking reimbursements
- A smart casual dress code (client/day specific)
- Client referral, employee referral, and vehicle purchase incentives
- Many entertaining social events throughout the year

Where you'll work:

Vancouver, BC

Job type:

Temporary, Full-time

Your schedule:

Monday to Friday

Total Rewards:

The salary range for this position is \$46,000 - \$48,000 annually.

Baker Tilly is fair and competitive when it comes to rewarding our people. We regularly benchmark across a variety of positions, industries, sectors and levels. Our total rewards philosophy is rooted in recognizing people's unique contributions and rewarding the value that they deliver. Along with a competitive base salary we offer comprehensive benefits and perks, performance bonuses and flexible hybrid work. For more information on our Total Rewards click [here!](#)

When you join Baker Tilly, you become part of something bigger—an ambitious, forward-thinking company that puts people first. Ideas matter, perspectives count, and every contribution builds a stronger future. If you're ready to make an impact, we're ready to meet you.

We are committed to transparency in our hiring process. Please note the following information regarding this job posting:

Position Status:

New Role: This job posting is for a newly created role within our organization. This position has been established to support our growth, and we are excited to welcome a new team member to help us achieve our goals.

We offer a competitive remuneration package based on experience and qualifications. If you are a qualified candidate, please apply now. While we appreciate all applications, only candidates selected for an interview will be contacted.

Baker Tilly is an equal opportunity employer dedicated to fostering, supporting, and celebrating a diverse workplace. Upon request, we will accommodate accessibility needs throughout the recruitment and selection process and for our staff. Please let us know during the application process.

#LI-Hybrid

## Job Requirements

What you bring to the table:

- Current enrollment in an undergrad or Masters diploma/degree in Computer Science, Software Engineering, Data Analytics or a related field
- A good understanding of at least one of the following programming languages: C#, Python and SQL
- Familiarity with Microsoft Power Platform, in particular Power BI and Power Automate or other similar tools
- Experience or knowledge with integration projects, life cycles and processes
- Knowledge of databases and data types to enable seamless work with our data analytics function
- Strong problem solving and analytical skills with exceptional attention to detail
- Strong client/customer service skills as well as excellent interpersonal relations and demonstrated ability to work with others effectively in teams
- Superior verbal and written communication skills
- Interested in pursuing a professional career in Digital Technology

**Citizenship Requirement**                    N/A
