### **HOW YOU WILL CONTRIBUTE AND WHAT YOU WILL LEARN**

Join Nokia's dynamic team working on Cybersecurity Dome (Automated Defense Center) - an innovative, automated security SaaS offering. You'll help define procedures for emergency response and detection of mobile network infrastructure attacks, contributing to the development of cutting - edge cybersecurity solutions.

#### **You will:**

- Participate in an Agile team focused on specification, design, development, and testing.
- Collaborate with senior developers to implement automated procedures.
- Write and execute unit tests.
- Investigate and fix defects.

#### **About Us**

**Come create the technology that helps the world act together**

Nokia is committed to innovation and technology leadership across mobile, fixed and cloud networks. Your career here will have a positive impact on people's lives and will help us build the capabilities needed for a more productive, sustainable, and inclusive world.

We challenge ourselves to create an inclusive way of working where we are open to new ideas, empowered to take risks and fearless to bring our authentic selves to work

#### **What we offer**

Nokia offers continuous learning opportunities, well-being programs to support you mentally and physically, opportunities to join and get supported by employee resource groups, mentoring programs and highly diverse teams with an inclusive culture where people thrive and are empowered.

#### **Nokia is committed to inclusion and is an equal opportunity employer**

Nokia has received the following recognitions for its commitment to inclusion & equality:

- One of the World's Most Ethical Companies by Ethisphere
- Gender-Equality Index by Bloomberg
- Workplace Pride Global Benchmark

At Nokia, we act inclusively and respect the uniqueness of people. Nokia's employment decisions are made regardless of race, color, national or ethnic origin, religion, gender, sexual orientation, gender identity or expression, age, marital status, disability, protected veteran status or other characteristics protected by law. We are committed to a culture of inclusion built upon our core value of respect.

Join us and be part of a company where you will feel included and empowered to succeed.

#### **Additional Information**

US/Canada Nokia Offers a comprehensive benefits package that includes but is not limited to:

- Corporate Retirement Savings Plan
- Health and dental benefits
- Short-term disability, and long-term disability
- Life insurance, and AD&D - Company paid 2x base pay
- Optional or Supplemental life and AD&D insurance (Employee/Spouse/Child)
- Paid time off for holidays and Vacation
- Employee Stock Purchase Plan
- Tuition Assistance Plan
- Adoption assistance
- Employee Assistance Program/Work Life Resource Program

The above benefits exclude students.

#### **Disclaimer for US/Canada**

Nokia Maintains broad annual base salary ranges for its roles in order to account for variations in knowledge, skills, experience and market conditions, and with consideration to internal peer equity. ([Check the salary ranges in the job info section for this role](#))

**All North America job posts will post for a minimum of 7 calendar days and up to 180 days or until candidate/s identified.**

#### **About the Team**

The pandemic has highlighted how important telecoms networks are to society. Nokia's Network Infrastructure group is at the heart of a revolution to bring more and faster network capacity to people worldwide through our ambition, innovation, and technical expertise.

#### **Job Requirements**

##### **EDUCATIONAL RECOMMENDATIONS**

Currently a candidate for a Bachelor's degree or Diploma in Computer Science, Computer Systems Engineering, or a related field with an accredited school in Canada.

##### **KEY SKILLS AND EXPERIENCE**

You have:

- Strong ability to learn new concepts and technologies.

- Working knowledge of Java, JavaScript, and unit test automation tools (Junit, Jest).
- Familiarity with Docker, OpenStack, Kubernetes, Helm, and containerized applications.

Nice to have:

- Understanding of object-oriented design, data structures, and algorithms.
- Excellent interpersonal and team collaboration skills.

**Citizenship Requirement**                    N/A

## APPLICATION INFORMATION

**Application Procedure**                    Through Employer Website
