<b>Placement Term</b>	2026 - Summer
<b>&lt;b&gt; Job Title &lt;/b&gt;</b>	S26 DDoS Mitigation Solutions QA Student 175699
<b>Position Type</b>	Co-op Position
<b>Job Location</b>	Ottawa, ON
<b>Country</b>	Canada
<b>Duration</b>	4 months
<b>Salary Currency</b>	CAD
<b>Salary</b>	Salary Not Available, 0 Major List
<b>Salary Range \$</b>	\$41,184 to \$96,356 CAD per year.
<b>Job Description</b>	

**Position:** DDoS Mitigation Solutions QA Student

**Number of Position(s):** 1

**Duration:** 4+ Months

**Date:** April 27th - August 28th, 2026.

**Location:** On-site

### **EDUCATIONAL RECOMMENDATIONS**

Currently a candidate for a master's degree, or bachelor's degree in Electrical Engineering, Computer Engineering, Software Engineering, Computer Science, or a related field with an accredited school in Canada.

## **Your responsibilities**

**As a part of our team, you will:**

- Contribute as an integral member of the DDoS Mitigation Solutions team, working on building and improving technology for DDoS mitigations.
- Develop automated test cases to validate new DDoS mitigations using a Linux-based regression environment.
- Work closely with testers and developers to identify, report, and resolve software defects.
- Monitor, debug, and improve the automated regression coverage and testing tools.

## **More information**

Some of our benefits for students in Canada:

- Flexible and hybrid working schemes to balance work and life

- Professional development events and networking opportunities
- Campus perks designed to make your student experience enjoyable and social, such as access to an onsite cafeteria, free employee parking, complimentary fitness centre, and sports facilities (volleyball, basketball, pickleball courts, ping pong, and employee leagues)
- Well-being programs, including Personal Support Service 24/7 - a confidential support channel open to all Nokia employees and their families in challenging situations
- Opportunities to join Nokia Employee Resource Groups (NERGs) and connect with people who share your passions and values
- Employee Growth Solutions, mentorship programs, and coaching support for your career development
- A learning environment that fosters both personal growth and professional development - for your role and beyond

#### **Disclaimer for US/Canada**

Nokia maintains broad annual base salary ranges for its roles in order to account for variations in knowledge, skills, experience and market conditions, and with consideration to internal peer equity. Check the salary ranges in the job info section for this role.

**All North America job posts will post for a minimum of 3 calendar days and up to 180 days or until candidate/s identified.**

## **About Us**

### **About Nokia**

Join us in creating the technology that helps the world act together.

We are a B2B technology innovation leader, pioneering networks that sense, think and act™, putting the world's people, machines and devices in sync to create a more sustainable, productive and accessible future.

Learn more about life at Nokia.

### **About the Business Group**

A robust digital backbone is the unsung hero of modern life, underpinning everything from daily interactions to cloud computing and critical infrastructure. The Network Infrastructure team is passionate about pushing the boundaries of what's possible in networking, tackling the toughest challenges and delivering innovative solutions.

We deliver trusted, purpose-built IP, optical, fixed, and data center solutions that power the internet, drive the global economy, and support the mission-critical industries that keep the world running.

### **Our recruitment process**

We act inclusively and respect the uniqueness of people. Our employment decisions are made regardless of race, color, national or ethnic origin, religion, gender, sexual orientation, gender identity or expression, age, marital status, disability, protected veteran status or other characteristics protected by law. We are committed to a culture of inclusion built upon our core value of respect.

If you're interested in this role but don't meet every listed requirement, we still encourage you to apply. Unique backgrounds, perspectives, and experiences enrich our teams, and you may be just the right candidate for this or another opportunity.

The length of the recruitment process may vary depending on the specific role's requirements. We strive to ensure a smooth and

inclusive experience for all candidates. Discover more about the recruitment process at Nokia.

### **Job Requirements**

## **Your skills and experience**

- Hands-on experience with Linux-based systems.
- Knowledge of computer networking protocols (i.e., TCP/IP)
- Excellent software development skill set including programming/scripting (proficiency in Python), debugging, and usage of source control (i.e., Git).
- A strong passion for quality, obsessive attention to detail, and analytical skills.
- Quick learner, self-starter, and able to work independently.

### **It would be nice if you also had:**

- Pytest experience

<b>Citizenship Requirement</b>	N/A
