**Job Title: Product Engineering Assistant (Co-op)**

**Job ID:** R-25864

### **Position Overview**

- Under the supervision of the Manager, Assay Performance Support, the Product Engineering Assistant will be responsible for supporting work related to the operations of the Research & Development team in ongoing product and process improvement initiatives
- Includes supporting data acquisition, data analysis, and contribute to the metrics/visualizations required for ongoing monitoring of product (test card) performance
- Opportunity to experience a demanding, fast paced medical device manufacturing environment, while interacting with highly multidisciplinary groups

At Siemens Healthineers, we offer you a flexible and dynamic environment with opportunities to go beyond your comfort zone in order to grow personally and professionally. Sound interesting? Then come and join our global team as a Product Engineering Assistant (Co-op).

**Citizenship Requirement** N/A
