119472

#### **About This Role**

**This position is exclusively open to students pursuing a university degree.**

**Internship dates: May 4th to August 21st 2026**

Are you looking for a work environment where you can innovate, reach greater heights and collaborate with experts from a wide range of sectors? You want to join a world-class company and industry leader with projects to which you would be proud to contribute? Come share your passion with us!

#### **The role we are offering you:**

Our developers take an important role in developing the solution's complete architecture and delivery and are responsible for creating and maintaining the integration and deployment pipeline (DevOps).

As a Developer you will work in a cross-functional team with the Product Owner, Designers and Technical Leads Developer to co-develop the digital products.

#### **CAE offers:**

- Salary determined according to the number of years and / or cumulative credits
- Flexible schedules and work from home policy
- Open concept workspace
- Opportunity to work on a variety of projects on a multidisciplinary team

- Possibility of permanent employment/extension
- STM access on campus
- Free parking on site for cars and bikes
- Running club and sports activities
- Changing rooms and showers
- Panoramic terrace open during Summer and Fall

*\*For all interns hired, we will reimburse the internship costs for up to \$250 per intern upon presentation of supporting documents.*

### **Job Requirements**

#### **Our ideal candidate has:**

- Experience programming in C# and .NET (4.7+ or Core)
- Experience and working knowledge of HTML/ CSS
- Working knowledge of development using Azure or any major cloud service provider is a plus
- Experience using Azure DevOps or any application lifecycle management toolset is an asset
- Experience using VSTS (Azure DevOps) is a plus

#### **Preferred Education:**

- Pursuing an undergraduate degree in computer engineering or related field with 1-2 internships completed

**Location of the internship is Montreal, QC.**

**Internship will be carried out in hybrid mode.**

**\*All applicants must be legally entitled to work in Canada and must meet the requirements of the Canadian Controlled Goods Program (CGP). All hires will be required to complete, sign and return the Controlled Goods Program form within a week of its transmittal. They must also provide a copy of their passport or birth certificate. All students with a work permit must provide a copy of it and a police clearance certificate from the country or countries where they have resided in the past five years.**

***\*Please take note that if you are on a student, work or international student permit, the delays for the security background check take minimum 16 weeks.***

**Citizenship Requirement**                    N/A

## **APPLICATION INFORMATION**

**Application Procedure**                    Through Employer Website
