**Job Title: Engineering & Technology - Summer Internship (Leduc, AB) 2026 Opportunities**

**Job ID:** R155923

**Would you like the opportunity to work in a global energy company?**

**Do you enjoy taking on challenging projects?**

**Join our innovating Internship Program**

The Baker Hughes Internship is designed to enable students pursuing a Bachelors' or Masters' degree to gain hands-on work experience as the foundation of their professional lives. Our internships will give you first-hand insights into the processes, systems, and practices that are aligned to ensure customer needs are met through flawless execution and the application of leading-edge technology.

**Partner with the best**

You'll participate in focused training, and team meetings, work on projects, and present your results. During your internship, you will be supported by a buddy and your manager who will ensure you have a valuable learning experience. You can expect to receive coaching and mentoring to enable you to complete assignments and projects to develop your learning and skillset. You will also have the opportunity to become familiar with the Health, Safety, and Environment (HS&E) and culture of Baker Hughes. as well as our strong commitment to diversity, equity and inclusion.

**The internship duration is a 12 - weeks starting May 2026 - August 2026.**

As an Intern, you will be responsible for:

- Completing internal projects to deliver customer outcomes and identify business improvements
- Assisting engineers or technologists with ongoing projects by conducting research, data analysis, and providing technical support.
- Participating in the design process, creating drawings or prototypes, and contributing to the development of new products or technologies.
- Keeping accurate records of experiments, designs, and project-related information, and preparing reports or documentation as needed.
- Collaborate in software development, coding, or programming tasks with engineers.
- Working as part of a team and communicating effectively with colleagues, engineers, and supervisors to achieve project goals, and identifying and addressing technical issues or challenges that arise during projects and proposing solutions.
- Applying Health, Safety, and Environment (HS&E) standards and procedures in all situations to ensure compliance is maintained

The hourly rate range for this position is \$22-\$44

#### **Work in a way that works for you**

We recognize that everyone is different and that the way in which people want to work and deliver at their best is different for everyone. In this role, we may be able to offer flexible working patterns. Talk to us about your desired working options when you apply.

#### **Working with us**

Working at Baker Hughes means being at the forefront of the energy transition. Our people are diverse, ambitious, and collaborative. We're on a mission to redefine the energy sector by unlocking the power of engineering, data, and science.

#### **About Us:**

We are an energy technology company that provides solutions to energy and industrial customers worldwide. Built on a century of experience and conducting business in over 120 countries, our innovative technologies and services are taking energy forward - making it safer, cleaner and more efficient for people and the planet.

#### **Join Us:**

Are you seeking an opportunity to make a real difference in a company that values innovation and progress? Join us and become part of a team of people who will challenge and inspire you! Let's come together and take energy forward.

Baker Hughes Company is an Equal Opportunity Employer. Employment decisions are made without regard to race, color, religion, national or ethnic origin, sex, sexual orientation, gender identity or expression, age, disability, protected veteran status or other characteristics protected by law.

### **Job Requirements**

#### **Fuel your passion**

To be successful in this role you will:

- Be currently enrolled in a Bachelors' or Masters' level degree in Engineering, Technology, Mechanics, other STEM-related program.
- Have maintained a GPA grade greater than or equal to 3.0 out of 4.0 or the equivalent in your country
- Be fluent in oral and written English and have effective communication skills
- Be able to relocate for the duration of your internship (locations vary)
- Applicant must be legally authorized to work in the United States as a U.S. citizen, lawful permanent resident, refugee, or temporary resident, and will not need employment sponsorship now or in the future

**Citizenship Requirement**      N/A
