<b>Job Description</b>	

**Job Title:** Data Science Student - May 2026

**Job ID:** R0014894

**Location:** Calgary | St. John's Fort | McMurray - Base Plant | Fort McMurray - Mildred Lake

**Application Deadline:** **January 5, 2026**

Joining Suncor means you will work for one of the best companies in Canada, providing tremendous future potential where talented people thrive and lead. As our business evolves, so do our employment opportunities. Our work culture includes a dynamic mix of professionals, with a diversity of skills and expertise.

By applying to this posting, Data Sciences students will be considered for various opportunities within Suncor. Our team will match you to opportunities that are most relevant to your studies. Our hiring leaders will provide detailed position information during the interview process for you to better understand the role.

### What we offer students:

- Meaningful experience: gain valuable work experience with competitive pay to advance your early career journey and explore professional interests
- Dynamic student community: participate in our engaging student community, where you'll have the chance to connect with fellow students and build your network
- Senior leadership exposure: interact with senior leadership and ask questions, discuss career paths, and receive advice
- Mentorship and networking: peer, formal, and informal mentorships and opportunities to participate in Suncor's six employee inclusion networks
- Relocation assistance: roundtrip airfare or mileage coverage, temporary accommodations, rental search assistance, and additional resources provided pending role and location

### Location & other key details:

- This is a/an 4, 8, 12, or 16-month term commitment beginning in May 2026. You will be asked to indicate your availability in your application
- Potential locations for these student roles include Calgary, St. John's, Fort Hills and Fort McMurray (Regional Municipality of

Wood Buffalo). You will be asked to indicate your location preferences in your application

- Students who live and work in Fort McMurray are eligible for a cash allowance to address the cost of living and the remote nature of the region. To learn more about living and working in Fort McMurray, click [here](#)
- Learn more about our student and new graduate opportunities [here](#)

#### **Why Suncor?**

Suncor's operations include oil sands development, production and upgrading; offshore oil and gas; petroleum refining in Canada and the U.S.; and the company's Petro-Canada retail and wholesale distribution networks (including Canada's Electric Highway™, a coast-to-coast network of fast-charging electric vehicle stations).

With a strong strategy for growth and our long-standing approach to sustainability, operational excellence, capital discipline and technology and innovation, Suncor offers a solid foundation for you to continue building your career. We offer rewarding opportunities for you to learn, contribute and grow in a variety of career-building positions - all of which means tremendous potential for your future. We are focused on deepening our commitment to inclusion and diversity and creating a respectful workplace.

We are an equal opportunity employer and encourage applications from all qualified individuals. We are committed to providing a diverse and inclusive work environment where every employee feels valued and respected. We have numerous employee inclusion networks to help foster an inclusive and respectful culture and drive positive change within Suncor. Current networks include both workplace inclusion networks (focusing on inclusion and respect for all), and identity-focused networks (focusing on building community and a sense of belonging and allyship). Through the Journey of Reconciliation, we are progressing the way we think and act to build greater mutual trust and respect with the Indigenous Peoples in Canada. Please note we will consider accessibility accommodations to applicants upon request.

#### **Job Requirements**

##### **Minimum requirements:**

- Current enrollment in an undergraduate with a computer science, business, analytics, data science, data analytics, information systems focus
- You must be returning to full-time studies after the work term
- Please attach your most recent transcripts with your application

**Citizenship Requirement**                    N/A
