Job Description	

Your responsibilities

As a part of our team, you will:

- Support insight into how customers interact with our software to help inform process improvements.
- Collaborate with Business Operations managers, BG/PG testers, and users to enhance software delivery process requirements and best practices.
- Develop automated reporting tools for software delivery across various systems
- Contribute to a dynamic and interactive team-based environment.

Job Requirements

Your skills and experience

- Currently a candidate for a Master's, Bachelor's degree, or diploma in Computer Science, Computer Systems Engineering, or a related field with an accredited school in Canada.
- Strong skills in identifying patterns, drawing insights, and solving problems
- Proficiency in programming (e.g., Java, Python, etc.)
- Experience with Excel and other data management tools at a master's level
- A curiosity-driven mindset and eagerness to learn new technologies and tools
- The ability to present and explain ideas effectively to teammates and stakeholders

It would be nice if you also had:

- Familiarity with Microsoft Power BI, KNIME, Tableau, R, Alteryx, or similar tools
- Experience accessing databases via APIs
- An interest in or knowledge of Generative AI (GenAI) and Large Language Models (LLM)

More information

Some of our benefits for students in Canada:

- Flexible and hybrid working schemes to balance work and life
- Professional development events and networking opportunities
- Campus perks designed to make your student experience enjoyable and social, such as access to an onsite cafeteria, free employee parking, complimentary fitness centre, and sports facilities (volleyball, basketball, pickleball courts, ping pong, and employee leagues)
- Well-being programs, including Personal Support Service 24/7 - a confidential support channel open to all Nokia employees and their families in challenging situations
- Opportunities to join Nokia Employee Resource Groups (NERGs) and connect with people who share your passions and values
- Employee Growth Solutions, mentorship programs, and coaching support for your career development
- A learning environment that fosters both personal growth and professional development - for your role and beyond

Disclaimer for US/Canada

Nokia maintains broad annual base salary ranges for its roles in order to account for variations in knowledge, skills, experience and market conditions, and with consideration to internal peer equity. Check the salary ranges in the job info section for this role.

Citizenship Requirement N/A
