All interviews will be conducted virtually via Zoom video call.

**Are you ready to embark on a career that truly affects people around the world? Trulioo invites you to be a catalyst for change in the dynamic realm of digital identity verification. As the global front-runner in our industry, we are redefining how businesses grow, innovate and comply online.**

Picture yourself at the forefront of innovation, contributing to our award-winning platform that enables organizations worldwide to quickly onboard customers, optimize costs and combat fraud. Fueled by Silicon Valley support, Trulioo stands as the trusted platform that can verify more than 5 billion people and 700 million business entities spanning 195 countries.

But Trulioo is more than a tech company. We are a united force of dedicated experts committed to establishing trust online.

Headquartered in Vancouver and with strategic hubs in San Diego and Dublin, we foster a culture of collaboration and open communication. Our offices support a hybrid model and staff typically work three days per week at a hub location. Join us where excitement meets innovation and contribute to a world where trust and technology unite.

#### **Position Summary:**

To help continue to fuel our growth, we are looking for a team-oriented, business-savvy, and passionate **Junior Data Analyst Co-op** to expand our Data Science team. As a Junior Data Analyst Co-op, you will report to the Manager of Data Analytics and will be responsible for assisting in running our batch processes. This includes data cleansing, processing, analysis, and visualization, as well as deriving outcome-based recommendations and creating presentations of findings.

This is an 8-month, fixed-term position based out of our Mount Pleasant office in Vancouver, following a hybrid work model with three in-office days per week.

#### **What you'll be doing:**

- Assisting the Manager of Data Analytics in running the proof-of-value processes.
- Directly supporting Trulioo in their Enterprise and Midmarket business acquisition and expansion.
- Helping to demonstrate our leading Person Match (KYC), Watchlist Screening, and Business Verify (KYB) solutions on offer.
- Reviewing customer data files for quality and consistency.
- Performing batch processing for trial and production accounts using internal tools.
- Analyzing results data to identify trends, exceptions, and areas for further investigation.
- Using data analysis skills to translate complex information in a clear, meaningful, and structured way.
- Visualizing findings in a variety of charts, presentations, and/or written reports.
- Applying critical thinking to assess and determine options, and subsequently making outcome-based recommendations.
- Leveraging Python skills to improve upon existing process automation scripts and potentially develop new scripts where required.
- Identifying opportunities to improve processes and collaborate on implementing changes.
- Communicating effectively, both orally and in writing, including the potential presentation of findings to clients.
- Collaborating with the wider Data Science team and assisting them in their reporting and analytics challenges in SQL and Tableau.

#### **Thriving at Trulioo**

At Trulioo, you're not just an employee. You're a valued member of our Trulicrew on a journey of professional and personal growth with a world-class organization. With Trulioo, you have the power to revolutionize the intersection of technology, digital trust and online identity to open the global economy to everyone. Together, we can shape the digital future.

We're on the lookout for exceptional people to empower with trust, autonomy and the freedom to cultivate their potential. Your curiosity, meticulous attention to detail and passion to contribute are highly valued. If that resonates with you, apply today to become a part of our team. Join us in shaping a future where your career isn't just a journey but also a boundless exploration into the possibilities of technology and digital identity verification.

*If you don't see yourself fully reflected in every job requirement listed on the posting above, we still encourage you to reach out and apply. Research has shown that minorities and underrepresented groups often only apply when they feel 100% qualified. We are committed to creating a more equitable, inclusive and diverse company and we strongly encourage applicants of all genders, ages, ethnicities, cultures, abilities, sexual orientations, and life experiences to apply.*

*Trulioo welcomes applications from people with disabilities. Support is available upon request for candidates taking part in all aspects of the selection process. Finally, we know from time-to-time emergencies happen and you may need to reschedule an interview - we understand and encourage you to be in communication without worrying about losing the opportunity or your credibility.*
