**Job Title: Student Intern, Data Warehouse Developer**

**Job ID:** 129979

Celestica is a global electronics manufacturing services company, headquartered in Toronto, Canada, with over 28,000 employees across 40 sites in North America, Europe, and Asia.

Working with the world's leading technology companies across a broad range of industries, Celestica delivers a full suite of services - from design and engineering, to manufacturing and supply chain management - to help its customers develop and manufacture products that are transforming the global economy. These products span key areas such as data centre technology, green energy, healthtech, and autonomous vehicles.

Working at Celestica is more than a job. It's about being part of something bigger and shaping the future with your work. You'll take on exciting and challenging projects, get hands-on experience, collaborate with a global team, and learn from some of the greatest minds in the industry. And just as we aspire to imagine, develop and deliver a better future with our customers, we're just as committed to delivering the best employee experience.

#### **Benefits for Students Include:**

- Experience working for one of the largest Canadian global technology companies
- Possibility of a student casual contract position after completion of internship
- Possibility of a full-time position after completion of degree
- Access to Celestica's development programs and projects

- Celestica's Time Off to Volunteer program - two paid days off to volunteer per year
- Fun intern activities including celebration events and networking
- Internal recognition programs and rewards for stellar performance

**What's in it for you?**

- **Opportunity:** Job experience at a large Canadian-based global company
- **Innovation:** We look to our employees to implement new ideas and improve the way we do things
- **Collaboration:** Students work as part of global teams, enabled by collaborative technology
- **Sustainability:** We uphold strong ethics, reduce our impact on the environment and empower employees to give back to the community with two paid days off per year to volunteer
- **Development opportunities:** including soft skills courses, innovation projects and mentorship
- **Networking:** Strategically build your professional network to advance your career and deepen relationships across your peers and colleagues.
- **Fun:** Our interns have the opportunity to participate in fun activities including intern social events, Celestica's charitable initiatives and our Spirit Week activities

**About this Opportunity:**

This position is ideal for a person with a passion for Data Warehousing and the associated visualization and reporting of the data. You will help transform Business requirements into SQL Code running on an Oracle 11g database. Here the standard Software Development Life Cycle is followed with Requirements elicitation, Analysis, Design, Code, Test and Deployment. There's also an element of Integration involved here as you will help bring data from disparate systems into a centralized Data Warehouse. Once in the Warehouse, the data needs to be surfaced to the Business user via Dashboards and Reports using technologies such as SAP Business Objects, PowerBI, SAP BW4HANA, etc. Solutions developed need to adhere to internal Architecture and Security standards.

**Additional Details:**

**Area:** Information Technology

**Start Date:** May 2026

**Location:** 5140 Yonge Street, Toronto, ON

**Vacancies:** 1 position

**Experience:** No Formal Experience Required.

To apply, please visit [www.celestica.com](http://www.celestica.com). **Please provide a copy of your transcript with your application. Please include your student email address in your application.**

Celestica is an equal opportunity employer. All qualified applicants will receive consideration for employment and will not be discriminated against on any protected status (including race, religion, national origin, gender, sexual orientation, age, marital status, veteran or disability status or other characteristics protected by law).

At Celestica we are committed to fostering an inclusive, accessible environment, where all employees and customers feel valued, respected and supported. Special arrangements can be made for candidates who need it throughout the hiring process. Please indicate your needs and we will work with you to meet them.

Celestica would like to thank all applicants, however, only qualified applicants will be contacted.

Celestica does not accept unsolicited resumes from recruitment agencies or fee based recruitment services.

## Job Requirements

**Preferred Skills:**

- Good written and verbal communication skills
- Ability to work independently as well as a team environment
- Data modeling knowledge (optional)
- Basic Oracle database knowledge (optional)
- Writing Oracle sql (optional)
- SAP BusinessObjects (optional)
- PowerBI (optional)
- SAP BW4Hana (optional)

**Activities:**

- Involvement with design/development/support of new and existing applications/reporting in SAP BusinessObjects and SAP BW4HANA.
