<b>Job Description</b>	

#### **About Us**

The Peak Group of Companies is a leader in home improvement, supplying a vast array of innovative products throughout Canada and the United States. Peak is a highly valued, strategic partner of Home Depot. Our unique business platform perfectly aligns with Home Depot's do-it-yourself and professional customer, and our best in class products are offered throughout Home Depot's massive retail network.

We're proud to be named an HRD Best Place to Work in both 2023, 2024, 2025 - a testament to our vibrant culture, where innovation is encouraged, collaboration is key, and people are empowered to succeed.

We are experiencing continuous growth and have one opening for the **Engineer Co-op, Product Development** position for the **Spring/Summer 2026 term**. This position is based at our office located in Richmond BC. The position will be reporting to the Senior Manager, Product Development. The Product Development Engineer Co-Op will have key responsibility for research, design, development and, ultimately, bringing industry-leading products to market.

#### **Key Responsibilities**

- Design of new products and continual improvement and innovation of existing products
- Apply advanced understanding of structural and mechanical engineering principles to optimize product design within cost, quality, and safety parameters

- Develop and execute test protocols, analyzing results to drive product improvement
- Produce comprehensive technical documentation and manuals, ensuring compliance with standards
- Create and implement improvements to project plans, procedures and specifications
- Ensure compliance with regulatory requirements, including building codes and environmental standards
- Drive product and process improvement efforts, exploring cost-effective materials and design simplifications
- Undertake additional duties as assigned by management

**Compensation:** \$22 to \$27 per hour.

Peak is an equal opportunity employer. We respect the dignity and worth of every individual in the workplace and value the importance of diversity, fairness, and trust. We offer a dynamic work environment and a competitive compensation package. Our goal is to attract, develop, and engage employees with exceptional ability and diverse backgrounds. We look forward to receiving your application. Thanks for your interest. Only shortlisted candidates will be contacted.

## **Job Requirements**

### **Qualifications:**

- Interest in development of consumer products and project management
- Enrolled in Engineering or related field
- Highly proficient in SolidWorks and/or CAD engineering software
- Experienced with the Microsoft Office suite of products
- Excellent communication skills in English (both verbal and written)
- Excellent interpersonal skills with a positive attitude

**Citizenship Requirement** N/A

**Position Start Date** May 01, 2026 12:00 AM

**Position End Date** August 31, 2026 12:00 AM
