<b>Job Description</b>	<p>Requisition ID 445434</p> <p><b>We help the world run better</b></p>

At SAP, we keep it simple: you bring your best to us, and we'll bring out the best in you. We're builders touching over 20 industries and 80% of global commerce, and we need your unique talents to help shape what's next. The work is challenging - but it matters. You'll find a place where you can be yourself, prioritize your wellbeing, and truly belong. What's in it for you? Constant learning, skill growth, great benefits, and a team that wants you to grow and succeed.

## **What you'll build**

The SAP Internship Experience Program is SAP's global, strategic, paid internship program that provides university students with opportunities to find purpose in their careers. This is more than an internship, it's the foundation for a career built on connection, creativity, and impact.

**Position title: SAP iXp Intern - Cloud Infrastructure DevOps**

**Location: Montreal, QC**

**Expected start date to end date: March 1, 2026 - October 31, 2026**

- Set up the complete lifecycle of an application - from source code, to testing, to deployment, to storage management, to high-availability container orchestration and monitoring, and everything in-between
- Learn all about container technology (Docker) and container orchestration (Kubernetes) to manage applications at scale
- Learn how to monitor applications in a Kubernetes cluster
- Learn and apply the latest DevOps best practices, such as GitOps and SRE
- Learn about building production-ready Golang applications
- Setup networking components to deliver a secure infrastructure
- Learn how to navigate cloud hyperscaler platforms

As you can see, our team covers varied topics. Due to the nature of our responsibilities and services, it takes more than a semester for an intern to become comfortable with our complete stack. Therefore, an intern who is open to staying for more than 2-3 semesters or longer (even if part-time) is preferred.

## Where you belong

Be part of SAP Next Gen, a global community for students, universities, schools and educational partners, who are passionate about innovation and technology.

1. Culture of Collaboration: Partner with experienced SAP colleagues and expert mentors who will support your growth. Grow professionally through personalized mentoring, coaching, and career development support.
2. Project-driven Experience: Kickstart your career with hands-on learning experience, making an impact from day one by contributing to meaningful projects that help the world run better. You'll have endless learning resources at your fingertips and gain future-ready skills from a variety of virtual, in-person, and hybrid learning sessions, cultivated just for you, and aligned with our learning approach.
3. Gain Visibility: Build relationships with leaders and peers across teams and functions. Showcase your ideas, skills, and creativity in a global, fast-paced environment. Open doors for future career opportunities within SAP and beyond.

Team Teapots (HTTP 418) provides Infrastructure-as-a-Service (IaaS) to run CI/CD pipelines on cloud hyperscalers - notably GCP, Azure, and SAP Converged Cloud. As a Cloud Infrastructure team, we use the latest open-source technologies and DevOps best practices to deliver secure, reliable, and scalable IaaS solutions.

We are an international team with members in Montreal, Munich, and Bangalore working in the Montreal (EST) and Munich (CET) time zones. Team Teapots is experienced with interns. Most of our interns continue as working students after their initial contract of full-time work, allowing flexible hours to help manage their time between work, school, and life.

**Bring out your best**

SAP innovations help more than four hundred thousand customers worldwide work together more efficiently and use business insight more effectively. Originally known for leadership in enterprise resource planning (ERP) software, SAP has evolved to become a market leader in end-to-end business application software and related services for database, analytics, intelligent technologies, and experience management. As a cloud company with two hundred million users and more than one hundred thousand employees worldwide, we are purpose-driven and future-focused, with a highly collaborative team ethic and commitment to personal development. Whether connecting global industries, people, or platforms, we help ensure every challenge gets the solution it deserves. At SAP, you can bring out your best.

#### **We win with inclusion**

SAP's culture of inclusion, focus on health and well-being, and flexible working models help ensure that everyone - regardless of background - feels included and can run at their best. At SAP, we believe we are made stronger by the unique capabilities and qualities that each person brings to our company, and we invest in our employees to inspire confidence and help everyone realize their full potential. We ultimately believe in unleashing all talent and creating a better world.

SAP is committed to the values of Equal Employment Opportunity and provides accessibility accommodations to applicants with physical and/or mental disabilities. If you are interested in applying for employment with SAP and are in need of accommodation or special assistance to navigate our website or to complete your application, please send an e-mail with your request to Recruiting Operations Team: [Careers@sap.com](mailto:Careers@sap.com).

For SAP employees: Only permanent roles are eligible for the SAP Employee Referral Program, according to the eligibility rules set in the SAP Referral Policy. Specific conditions may apply for roles in Vocational Training.

Qualified applicants will receive consideration for employment without regard to their age, race, religion, national origin, ethnicity, gender (including pregnancy, childbirth, et al), sexual orientation, gender identity or expression, protected veteran status, or disability, in compliance with applicable federal, state, and local legal requirements.

SAP believes the value of pay transparency contributes towards an honest and supportive culture and is a significant step toward demonstrating SAP's commitment to pay equity. SAP provides the hourly base salary rate range applicable for the posted role. The targeted range for this position is 18.00 - 36.00 CAD. The actual amount to be offered to the successful candidates will be within that range, dependent upon the key aspects of each case which may include education, skills, experience, scope of the role, location, etc. as determined through the selection process. SAP offers limited benefits for employees hired into hourly or like roles subject to applicable plan/policy terms. A summary of benefits and eligibility requirements can be found by clicking this link: [www.SAPNorthAmericaBenefits.com](http://www.SAPNorthAmericaBenefits.com).

Due to the nature of the role, which involves global interactions with SAP entities, as well as with employees and stakeholders in Canada, functional proficiency in English is required for positions based in the Quebec.

#### **AI Usage in the Recruitment Process**

For information on the responsible use of AI in our recruitment process, please refer to our Guidelines for Ethical Usage of AI in the

Recruiting Process.

Please note that any violation of these guidelines may result in disqualification from the hiring process.

## Job Requirements
