<b>Job Description</b>	

### **About Us**

At CI, we see a great place to work as one that is a safe place for everyone to have a voice, where people are empowered to take ownership over meaningful work, where there is an opportunity to grow through stretching themselves, where they can work on innovative products and projects, and where employees are supported and engaged in doing so.

As an Automation and AI Co-op Student, you'll dive into a dynamic and collaborative environment where your contributions will drive real business value. You'll gain hands-on experience working on groundbreaking projects alongside industry experts, developing and implementing cutting-edge automation and AI solutions. This role offers a unique opportunity to learn, innovate, and make a tangible impact on our firm's operations and strategic goals. Join us to accelerate your career and be part of a team that's shaping the future of financial services.

### **What You Will Do**

- Document processes, models, and results for future reference and knowledge sharing
- Assist in the development and implementation of automation solutions to streamline business processes
- Collaborate with the AI team to design, test, and deploy machine learning models
- Analyze data to identify trends and insights that can drive decision-making
- Support the integration of AI tools into existing systems and workflows
- Participate in team meetings and contribute to project planning and execution

**What You Will Bring**

- Strong understanding of programming languages such as Python, SQL, Java, or C++.
- Working knowledge of machine learning concepts and frameworks (e.g., TensorFlow, PyTorch, or scikit-learn).
- Knowledge of AI Platforms eg. AWS, GCP, Snowflake
- Experience with data analysis and visualization tools (e.g., Excel, Tableau).
- Excellent problem-solving skills and attention to detail.
- Ability to work collaboratively in a team environment.
- Strong communication skills, both written and verbal.
- Currently enrolled in a Computer Science, Engineering, or related program.

**What We Offer**

- Recognition & Compensation
- Training & Development
- Health & Well-being
- Communication & Feedback

We are focused on building a diverse and inclusive workforce. If you are excited about this role and are not confident you meet all the qualification requirements, we encourage you to apply to investigate the opportunity further.

<b>Citizenship Requirement</b>	N/A
