Job Title: Co-op Student IT

Job ID: 3285

Locations: London, ON | Winnipeg, MB | Toronto, ON

Temporary Full Time

- This is a student position that is 4 months in duration (May 20th - August 29th 2025). You must be a student registered in a Canadian College or University.
- This position is for students returning to school after their work term or requiring a placement as requirements for graduation. While not required, preference will be given to students enrolled in a registered Co-op program
- This position requires **Reliability Status security clearance** - this is a personnel security status that is required before an employee can gain access to Protected B information, assets or work sites as outlined by the Government of Canada website A co-op/student placement within our Canada Life API delivery team provides a unique opportunity to experience how integration solutions are developed and 'brought to life' throughout a large digital ecosystem.

You will gain real-world proficiency in developing integration solutions through our agile pipeline, in support of Canada Life's digital strategy for our Customers and Advisors.

Join us to immerse yourself in modern technologies which enable our digital vision and develop yourself into a well-rounded technologist by gaining exposure to challenging assignments which foster career growth.

What you will do

- Develop solutions (code, configuration) based on stories, bugs, or technical debt tickets.
- Deliver clean and efficient code, ensuring quality and accuracy of the build while adhering to our practices for source code management.
- Actively participate in daily team standups and developer practice meetings, and through code reviews.
- Understand how to deploy code releases to production through job shadowing.
- Learn new languages, frameworks, and tools.
- Contribute to developer documentation and knowledge transfer sessions (share what you learn).
- Gain exposure of a full API delivery pipeline from intake through to deploy and support.

The base salary for this position is between **\$40,300-\$67,000** annually. This represents base salary only and does not represent other variable compensation components of our total compensation (i.e. annual bonus, commission etc). If you are selected to move forward in our recruitment process, your recruiter will be able to discuss additional details of our total rewards program with you.

Career opportunities will be open a minimum of 5 business days from the date of posting, closing dates will vary depending on the search activity. All applications received will be reviewed on a rolling basis.
