Job Description	

About Metergy Solutions Inc. ("Metryg")

As one of North America's most experienced submetering providers, Metergy Solutions has brought turnkey solutions to clients for over 20 years. Metergy supplies, installs and remotely reads meters to measure individual suite consumption of electricity, water, gas, and thermal energy in multifamily and commercial buildings, and bills and collects the utility consumption.

Our innovative Submetering as a Service (SaaS) model generates long-term recurring revenue and has been proven to reduce in-suite energy consumption by an impressive 40%, significantly advancing our clients' decarbonization efforts. This outstanding performance has enabled Metergy to issue green bonds and secure green financing, fueling our sustained growth and creating extraordinary career opportunities for our team.

As the #1 submeter provider in the New York and Canadian markets, and one of the largest in North America, Metergy boasts over 850,000 contracted meters, issues more than 2 million utility invoices annually, and employs over 400 dedicated team members.

Our successful acquisitions have consistently exceeded expectations, unlocking immense growth potential.

Metryg is proudly a portfolio company of Brookfield Infrastructure Partners, one of the world's largest investors, owners, and operators of infrastructure assets across the utilities, transport, energy, data, and sustainable resources sectors. This partnership provides Metergy with access to substantial capital, infrastructure investment expertise, and a global reach, positioning us for continued success and innovation.

Our Mission

Provide building owners and occupants with accurate and reliable utility consumption data through market-leading expertise in turnkey submetering and billing, while fostering a workplace with inspired team members empowered to do more good.

At Metergy, we don't just believe in our people; we champion them. When individuals feel valued, supported, and inspired to grow,

incredible things happen. That's why we're thrilled to be recognized as a Great Place to Work for the second consecutive year! This achievement reflects our unwavering commitment to building a workplace that's respectful, inclusive, and high-performing. Come be part of a team that leads with passion, thrives on positivity, and delivers with precision. We're proud of who we are and even prouder of where we're headed.

Do you want to make a difference in sustainability?

Do you enjoy high-growth and collaborative environments?

Metergy's vision is to transform the submetering industry in North America by simplifying energy management systems. We are very fortunate to be part of a business whose core service reduces carbon emissions in the built environment. Our submetering and billing services for multifamily buildings have been shown to reduce in-suite electricity consumption, and the associated emissions, by 40%
