Job Description	

Who we are:

Geotab ® is a global leader in IoT and connected transportation and certified "Great Place to Work™." We are a company of diverse and talented individuals who work together to help businesses grow and succeed, and increase the safety and sustainability of our communities.

Geotab is advancing security, connecting commercial vehicles to the internet and providing web-based analytics to help customers better manage their fleets. Geotab's open platform and Geotab Marketplace ®, offering hundreds of third-party solution options, allows both small and large businesses to automate operations by integrating vehicle data with their other data assets. Processing billions of data points a day, Geotab leverages data analytics and machine learning to improve productivity, optimize fleets through the reduction of fuel consumption, enhance driver safety and achieve strong compliance to regulatory changes.

Our team is growing and we're looking for people who follow their passion, think differently and want to make an impact. Ours is a fast paced, ever changing environment. Geotabbers accept that challenge and are willing to take on new tasks and activities - ones

that may not always be described in the initial job description. Join us for a fulfilling career with opportunities to innovate, great benefits, and our fun and inclusive work culture. Reach your full potential with Geotab. To see what it's like to be a Geotabber, check out our blog and follow us @InsideGeotab on Instagram. Join our talent network to learn more about job opportunities and company news.

Who you are:

We are looking for amazing talent who can contribute to our efforts and deliver results! Geotab is seeking an intern who will immediately contribute to the Development Team's efforts. If you love technology and software development, are well organized and keen to join an industry leader, we would love to hear from you!

What you'll do:

As a Software Developer Intern, your key area of responsibility will be to ensure the reliable operation of web-based applications that we developed In-House. Our projects efforts span across various business sectors, including marketing, support, careers and more. You will have the chance to work directly with the stakeholders, and also contribute on any innovative work that the team can come up with. You will write high performance C#, SQL queries, and React/JavaScript code. As our team is primarily focused on web development, you will learn how to work on cloud infrastructure in GCP and contribute in weekly deployments with the mentorship of Senior Developers in the team. Understanding the performance impact of designs, accessibility, good UI design and scalability will make you an ideal and successful candidate who will find reward in building robust software that can function 24/7 with no down time.

The opportunity:

- 12 month work-term beginning May 2026.
- Full-time, paid internship: Monday - Friday, 37.5hrs/week.
- Your first week at Geotab begins with 'GEO Launch' - a one-week Employee Orientation. [Click here](#) to learn more!
- Learn more about the Geotab Campus Program [here](#).
- This posting is for an existing vacancy.

How you'll make an impact:

- Participate in team meetings and discussions in an Agile environment.
- Use GIT for source control.
- Develop UI components using **TypeScript, React, JavaScript, HTML and CSS**.
- Develop automated unit tests using XUnit, Jest.
- Develop software using any Object-oriented programming language.
- CRUD operations on **Postgres** database, utilizing ORM technologies such as Prisma and EFCore.
- Participate in peer reviews.
- Debugging and testing software.
- Write technical documentation.

Job Requirements

What you'll bring to the role:

- Pursuing a University degree in Engineering, Computer Science, Mathematics or a related field.
- Strong communication, organization, and time management skills, as well as a willingness to learn and strong work ethic.
- Experience with Postgres, Next.js, C#, TypeScript, React, JavaScript, HTML, CSS is an asset.

Citizenship Requirement N/A

APPLICATION INFORMATION

Application Procedure Through Employer Website

Special Application Instructions

Please click the "I intend to apply to this position" button on SCOPE and also submit your application via the employer's website.

Application Link: <https://job-boards.greenhouse.io/internshiplist2000/jobs/5013947008>

Applications are accepted on a rolling basis and the posting may be expired at any time by the employer as submissions are received.

Students should submit their applications as soon as they are ready.
