Inspire the World, Create the Future

Do you believe in the power of technology to help shape a brighter future and a stronger global community? Are you inspired by the possibilities? Are innovation, camaraderie, and the pursuit of excellence part of your innate drive? Then you've got what it takes to succeed at Samsung.

Samsung R&D Canada is looking for an enthusiastic co-op student to join the Samsung B2B Content team. The successful candidate will work with a global Samsung B2B team to develop technical content for cloud services used by IT admins, and programming content for SDKs and RESTful APIs used by app and web developers.

What You'll Do

- Develop public-facing user content, which can include IT admin guides, how-to videos, developer guides, API references, FAQs, web page copy, and blog posts
- Write, edit, proofread and marketing content while ensuring that all content meets established standards including tone, grammar, and appearance (e.g. blogs, case studies, email newsletters)
- Maintain a high-level of content quality by testing content, working with subject matter experts, and incorporating user feedback
- Assist the team in creating and editing how-to videos for our B2B Knox customers

Additional Information:

- \$20-\$27/hr (Co-Op pay will be determined based on a number of factors and may vary depending on job-related knowledge, completed study terms, relevant skills, and experience)
- 8 months (May-December)
- Hybrid (Monday-Thursday in office and WFH on Friday)

- Office is located in Vancouver
- Interviews will be 30-45 minutes with selected candidates

Samsung is an equal opportunity employer. We thank you for your interest in working for Samsung. Only candidates selected for an interview will be contacted.

Job Requirements

Your Background

- Pursuing a Bachelor's or Master's in Communications, Computer Science, or equivalent
- Ability to explain highly complex concepts in plain English
- Ability to understand new and complex technologies quickly
- Strong attention to detail and commitment to quality
- Problem solving skills, ability to find the root cause of issues, and troubleshoot them independently
- Agility in multi-tasking in a rapidly changing environment with deadlines
- Understanding of how to succeed on a global team in different time zones

Preferred Experience in the Following Tools:

- Document authoring: Word, PowerPoint, Markdown, HTML authoring
- Web page design: HTML, CSS, JavaScript
- Video: Camtasia
- Source control: GitHub
- API references: Javadocs, Swagger/YAML
- Android apps, web APIs: Android Studio, Postman

Citizenship Requirement N/A
