About League

Founded in 2014, League is the leading healthcare consumer experience (CX) platform, powered by artificial intelligence (AI), reaching more than 63 million people around the world and delivering the highest level of personalization in the industry. Payers, providers, and consumer health partners build on League's platform to deliver high-engagement healthcare solutions proven to improve health outcomes. League has raised over \$285 million in venture capital funding to date, powering the digital experiences for some of healthcare's most trusted brands, including Highmark Health, Manulife, Medibank, and Shoppers Drug Mart.

Data Engineer

Launch Your Data Engineering Career! Join our team and gain hands-on experience in building and maintaining data pipelines. You'll learn the fundamentals of ETL processes, data warehousing, software development, working with large datasets, and AI systems. Participate in designing and implementing data solutions, contributing to data quality initiatives, and exploring cutting-edge data technologies. This co-op is your chance to build a strong foundation in a rapidly growing field.

Some things the data team works on:

- Learning about real-time and batch pipelines with Python and SQL
- Software Development, Terraform Deployment for fault-tolerant, scalable systems

- Root cause analysis of production issues, performance tuning and optimization

Some of the technologies we use on the data engineering team include:

- GCP, python/SQL, Airflow, Terraform, Looker

Security-related Responsibilities:

- Compliance with Information Security Policies
- Compliance with League's secure coding practice
- Responsibility and accountability for executing League's policies and procedures
- Notification of HR, Legal, Compliance & Security of any incidents, breaches or policy violations

Job Requirements

Your career experience so far may include:

- Exposure to data engineering projects and technologies
- Hands on software development
- Previous engineering co-op experience

Please note: This is an in-office position at our Toronto HQ from Monday to Thursday.

Citizenship Requirement N/A
