<b>Job Description</b>	

### **About the Role**

We're looking for a Full Stack Web Developer Intern with a mix of technical skills, creativity, and communication ability. You'll work closely with our engineering and consulting teams on live e-commerce projects, with the opportunity to grow into a full-time role after graduation.

### **Responsibilities**

- Contribute to building and maintaining full stack web applications and e-commerce sites.
- Collaborate with designers, PMs, and clients to deliver polished, user-friendly experiences.
- Work across the stack, from front-end design and implementation to back-end integrations.
- Participate in code reviews, Git workflows, and agile project processes.
- Stay flexible and adaptable, working with multiple technologies and frameworks as needed.

### **Job Requirements**

We are only looking for senior year students who will be graduating in 2026:

- Excellent written and verbal communication skills.
- Previous professional experience (internship or freelance) building full stack websites.
- Bonus: experience with e-commerce platforms like Shopify, Wix, Magento.
- Proficiency with Git for version control.
- Strong eye for design and user experience.
- Willingness to work across the stack and learn multiple technologies/frameworks.
- Currently in final year of study or graduating soon, with potential to continue full time.

<b>Citizenship Requirement</b>	N/A
