Job Description	

Job Title: Student Intern, Web Cloud Solutions

Job ID: 128995

Celestica is a global electronics manufacturing services company, headquartered in Toronto, Canada, with over 28,000 employees across 40 sites in North America, Europe, and Asia.

Working with the world's leading technology companies across a broad range of industries, Celestica delivers a full suite of services - from design and engineering, to manufacturing and supply chain management - to help its customers develop and manufacture products that are transforming the global economy. These products span key areas such as data centre technology, green energy, healthtech, and autonomous vehicles.

Working at Celestica is more than a job. It's about being part of something bigger and shaping the future with your work. You'll take on exciting and challenging projects, get hands-on experience, collaborate with a global team, and learn from some of the greatest minds in the industry. And just as we aspire to imagine, develop and deliver a better future with our customers, we're just as committed to delivering the best employee experience.

Benefits for Students Include:

- Experience working for one of the largest Canadian global technology companies
- Possibility of a student casual contract position after completion of internship
- Possibility of a full-time position after completion of degree
- Access to Celestica's development programs and projects
- Celestica's Time Off to Volunteer program - two paid days off to volunteer per year

- Fun intern activities including celebration events and networking
- Internal recognition programs and rewards for stellar performance

What's in it for you?

- **Opportunity:** Job experience at a large Canadian-based global company
- **Innovation:** We look to our employees to implement new ideas and improve the way we do things
- **Collaboration:** Students work as part of global teams, enabled by collaborative technology
- **Sustainability:** We uphold strong ethics, reduce our impact on the environment and empower employees to give back to the community with two paid days off per year to volunteer
- **Development opportunities:** including soft skills courses, innovation projects and mentorship
- **Networking:** Strategically build your professional network to advance your career and deepen relationships across your peers and colleagues.
- **Fun:** Our interns have the opportunity to participate in fun activities including intern social events, Celestica's charitable initiatives and our Spirit Week activities

About this opportunity:

The Web Cloud Student Intern will be involved in the design, development, and support of new and existing applications (both on premise and cloud platforms - such as Google Cloud Platform, Microsoft Azure).

Activities:

- Developing and/or enhancing web solutions (both on premise and on cloud platforms)
- Assisting in the gathering of requirements for new applications- includes collecting and analyzing existing documentation, reviewing with Subject Matter Experts & writing specification documents
- Perform routine management/support/reporting tasks as they relate to applications (both out of the box and custom development) under our control
- Working with other team(s) in system troubleshooting of the application problems
- Testing of new releases of the application for production environment

Additional Details:

Area: Information Technology

Start Date: May 2026

Location: 5140 Yonge Street, North York, ON
