<b>Job Description</b>	

**Job Title:** Business Intelligence Developer Coop

**Job ID:** 766501

*At this time, Ericsson Canada Inc. does not provide immigration assistance/sponsorship now or in the future for this position.*

**Start date:** Sep 2nd, 2025

**Location:** 349 Terry Fox Drive, Ottawa, Ontario. Hybrid, min 3 days in office.

**Duration: (months):** 8, 12 or 16 are possible

**\*\* Request \*\*** Please indicate in your application resume, or a cover letter, how many months you are available for. Since there is a lot to learn, we are seeking students available for eight months or longer. Please include your most recent transcripts in your application.

### **About this opportunity**

As the tech firm that was instrumental in creating the mobile world, and with more than 54,000 patents to our name, we've made it our business to make a mark. When joining our team at Ericsson you are empowered to learn, lead and perform at your best, shaping the future of technology and communication. This is a place where you're welcomed as your own perfectly unique self, and celebrated for the skills, talent, and perspective you bring to the team. Come and be where it begins.

Exciting features about our Canada co-op program include:

- Challenging & interesting work
- Collaborative, helpful work teams
- Social & Networking Events
- Intern Projects

- Peer & Senior Level Networking
- Beautiful modern campus
- As needed, opportunity to work in a hybrid environment
- Lots of extra activities for employees to participate in
- Evaluated as a best employer in Canada, multiple times
- Opportunities for full time employment down the road
- Working for a company that genuinely believes that having a strong culture of ethics, integrity, diversity, and inclusion is a long-term competitive advantage

#### **What you will do**

- Be a part of a team focused on providing business analytics for the organization.
- Providing business leaders with quality data and empowering them to make better business decisions in the areas of development quality, planning, and predictability.

To provide these analytics and data insights you will perform the following activities:

- Build and maintain business analytics software on a large data warehouse.
- Developing software for extraction, cleaning, conforming, and delivery of business data from multiple data sources. Including data from all aspect of product development - code builds, test tracing, defect tracking, project management, and product delivery information.
- Working with big business data.
- Collaborate with colleagues
- Use Agile ways of working
- Review software designs
- Trouble shoot and help to resolve issues

These positions are based in Ottawa. We work in a hybrid work model with min 60% ( 3 days) in the office and rest working at home. This can vary somewhat over time.

#### **Why join Ericsson?**

At Ericsson, you'll have an outstanding opportunity. The chance to use your skills and imagination to push the boundaries of what's possible. To build solutions never seen before to some of the world's toughest problems. You'll be challenged, but you won't be alone. You'll be joining a team of diverse innovators, all driven to go beyond the status quo to craft what comes next. What happens once you apply?
