IGM Financial Inc. is a leading wealth and asset management company in Canada, managing approximately \$271 billion in assets. It offers financial planning and investment services to over two million Canadians through IG Wealth Management and Mackenzie Investments.

Founded in 1926, IG Wealth Management is a key part of IGM's business model, providing comprehensive wealth management services to Canadian financial advisors and their clients.

With a vision to inspire financial confidence, IG Wealth Management is recognized as one of Manitoba's Top Employers, Canada's Top 100 Employers, and Best Diversity Employers, aiming to innovate the industry and support Canadians in achieving their financial goals.

Join our team to engage in continuous learning and skill development in a supportive environment. Experience the best of both worlds with our hybrid work environment, where you spend three days a week in the office, connecting, collaborating, and enjoying quality time with your amazing colleagues! Our Values: Be better; we strive for improvement in everything we do. Be accountable; we foster clarity and are empowered to act responsibly. Be a team; we are united to drive collective impact to achieve our goals.

**Position:**

We are currently hiring an intern looking for a winter term position, May to August 2026, in our Winnipeg office. Candidates must be enrolled in an undergraduate program and returning to school after the internship.

This position is responsible for supporting the Data Science team in Analytics and Data Engineering tasks. The student will assist in developing datasets, models, and reports which are used to understand our business and meet strategic objectives. This position provides a great opportunity for a university student to gain practical experience in the fields of AI and Data Science.

**Responsibilities:**

- Primary focus will be on ad-hoc projects or support of organizational projects in-flight
- Produce documentation. Ex; how-to guides, communication
- Analysis of documents, datasets
- Coordinate activities, meetings, tasks with internal team members
- Data analysis of semi-structured data

**To apply, please include a resume and transcripts (full unofficial version) by February 8, 2026, at 11:59 pm EST.**

The expected annual base salary range (prorated for the term) for this role is **\$44,000 - \$47,000**, which is determined based on year of study, IGM program, geographic location and candidate's skills, knowledge and experience. In addition to base salary, this role is eligible for paid time off.

IGM is a diverse workplace committed to doing business inclusively - this starts with having a representative workforce! We encourage applications from all qualified candidates that represent the diversity present across Canada - including racialized persons, women, Indigenous persons, persons with disabilities, 2SLGBTQIA+ community, gender diverse and neurodiverse individuals, as well as all who may contribute to the further diversification of ideas.

IG is an accessible employer committed to providing a barrier-free recruitment experience. If you require an accommodation or this information in an alternate format at any stage of the recruitment process, please reach out to the Talent Acquisition team who will work with you to meet your needs.

How to Apply: Interested candidates are invited to submit their resume and a cover letter detailing their qualifications and experience to <https://www.ig.ca/en/careers>

We thank all applicants for their interest in IG Wealth Management; however, only those candidates selected for an interview will be contacted.

## Job Requirements

**Requirements:**

- Pro-active, problem-solving attitude and ability to work calmly under pressure
- Experience working in Agile (Scrum, Kanban) environments
- Desire to always make things better
- Keep abreast of developments in field (e.g., through reading, internet, discussions, experiments with new techniques and tools)
- Familiarity with data analysis tools and techniques.
- Understanding of testing practices
- Well-organized
- Structured thinking

**Preferred:**

- Familiarity with PowerBI
- Experience with structuring AI prompts and Automation, especially with MS tooling

**Citizenship Requirement**      N/A
