Job Description	

Innovation is in our DNA... is it in yours?

Bombardier is a global leader in aviation, creating innovative and game-changing planes. Our products and services provide world-class experiences that set new standards in passenger comfort, energy efficiency, reliability and safety. We are a global organization focused on working together with a team spirit.

Your boarding pass will include...

Several conferences, including:

- Meet An Executive
- Women Taking Flight

Learning more about Bombardier, including:

- Bombardier Products conference
- Visits of the Bombardier sites
- Bombardier Academy of Learning

Many social/networking opportunities, including:

- Volunteering
- Networking for Success

- 5 à 7, Potluck, and much more!

Digital innovation team...

We are working on the next generation of a digital platform for the management of Bombardier Business Jets, and we are looking to recruit individuals with a knack for innovation and progress.

During your?internship, you will contribute to:?

- Support the digital team in project management and business analysis?
- Communicate regularly with customers and stakeholders throughout the product development cycle using various feedback channels (e.g., customer focus groups, product demos, customer evaluations, surveys etc.)?
- Craft and present slide decks and status reports for digital initiatives shown to high-level management?
- Gather and analyze metrics and data for the sprint review and high-level management reports?
- Support governance meetings, including taking notes, attendance and helping with acting upon required actions?
- Gather and validate requirements with stakeholders?
- Create and maintain User Stories with acceptance criteria in JIRA?
- Attend all scrum ceremonies?
- Assist Product Owner in managing sprint and backlog

Job Requirements

What we are looking for:

- You are enrolled in an undergraduate university degree or master's degree at an accredited institution?
- You have a sharp mind for the business/management world?
- A great, highly reliable team worker You have high organizational skills?
- Strong familiarity with Excel and PowerPoint Knowledge in JIRA, Agile Methodology, Google Analytics, data analysis are an asset
- Open to growth and believes they have control over their life trajectory (internal locus of control)?
